Many people consider their high school years to be the best days of their lives. These four precious years are filled with unforgettable moments that will always have a place in our hearts. On the first day of freshman year, we enter the doors as nervous youngsters unaware of what the future may hold; on graduation day, we leave our beloved school as confident young adults excited about what the future will bring. All the moments in between these two significant days are what we will cherish forever. A moment of laughter, a moment of anticipation, a moment of triumph, a moment of love, a moment of happiness ... some people wait a lifetime for

A Moment Like This

Ms. Williams

For over six weeks, the cafeteria seemed a little empty during lunch without Ms. Deborah Williams' smiling face and friendly personality. In early October, she underwent open heart surgery and during her long absence, she was greatly missed by many students. The 2002-2003 school year marked Ms. Williams' sixth year at Kennedale High School. During her time at Kennedale she has served as the ISS coordinator, a job that is not always so easy. Despite the difficulties of the job, Ms. Williams loves her job so much. Mrs. Johnson simply said it is because "she can make a difference in the lives of students and she just enjoys what she does."

Ms. Williams has two sons, Bobby and Derik, both of which graduated from Kennedale High School. When she is not at school, Ms. Williams enjoys spending time with her family and friends.

With her loving demeanor and optimistic attitude, it is clear that Ms. Williams has done so much for Kennedale High School and its students throughout the years. She is truly a positive force at Kennedale and that is why "A Moment Like This" is proudly dedicated to Ms. Williams. The staff and student body would just like to thank her for all her hard work during her six years at Kennedale and for her dedication to the school.

Dinner included romaine salad, a grilled 12 oz. New York strip steak, a medley of vegetables, au gratin potatoes, rolls, and white chocolate cheesecake. The toastmistress for the evening was Vekiesha Colbert and the invocation was presented by Amy Hinkelman. Graduation

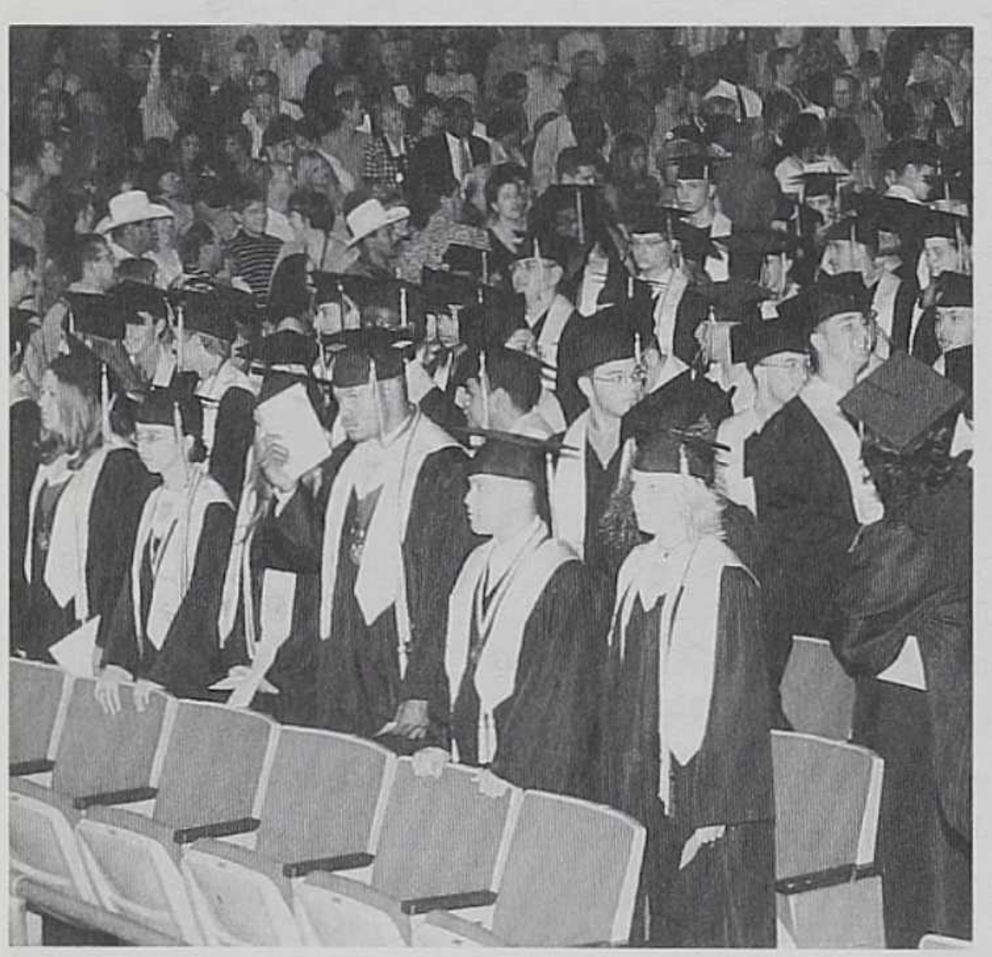
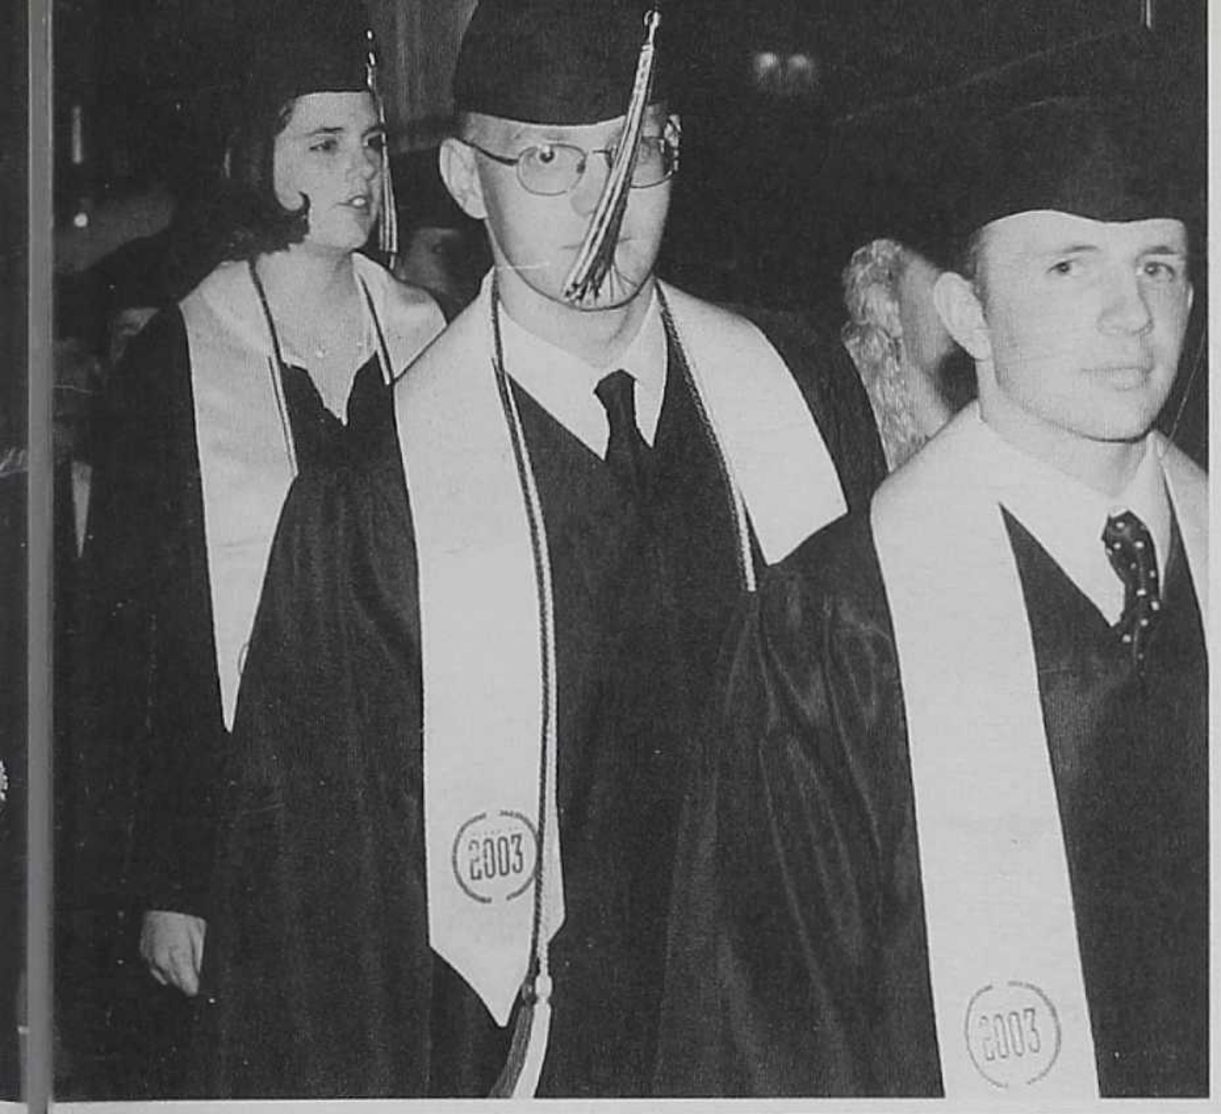
Valedictorian - Amy Hinkelman

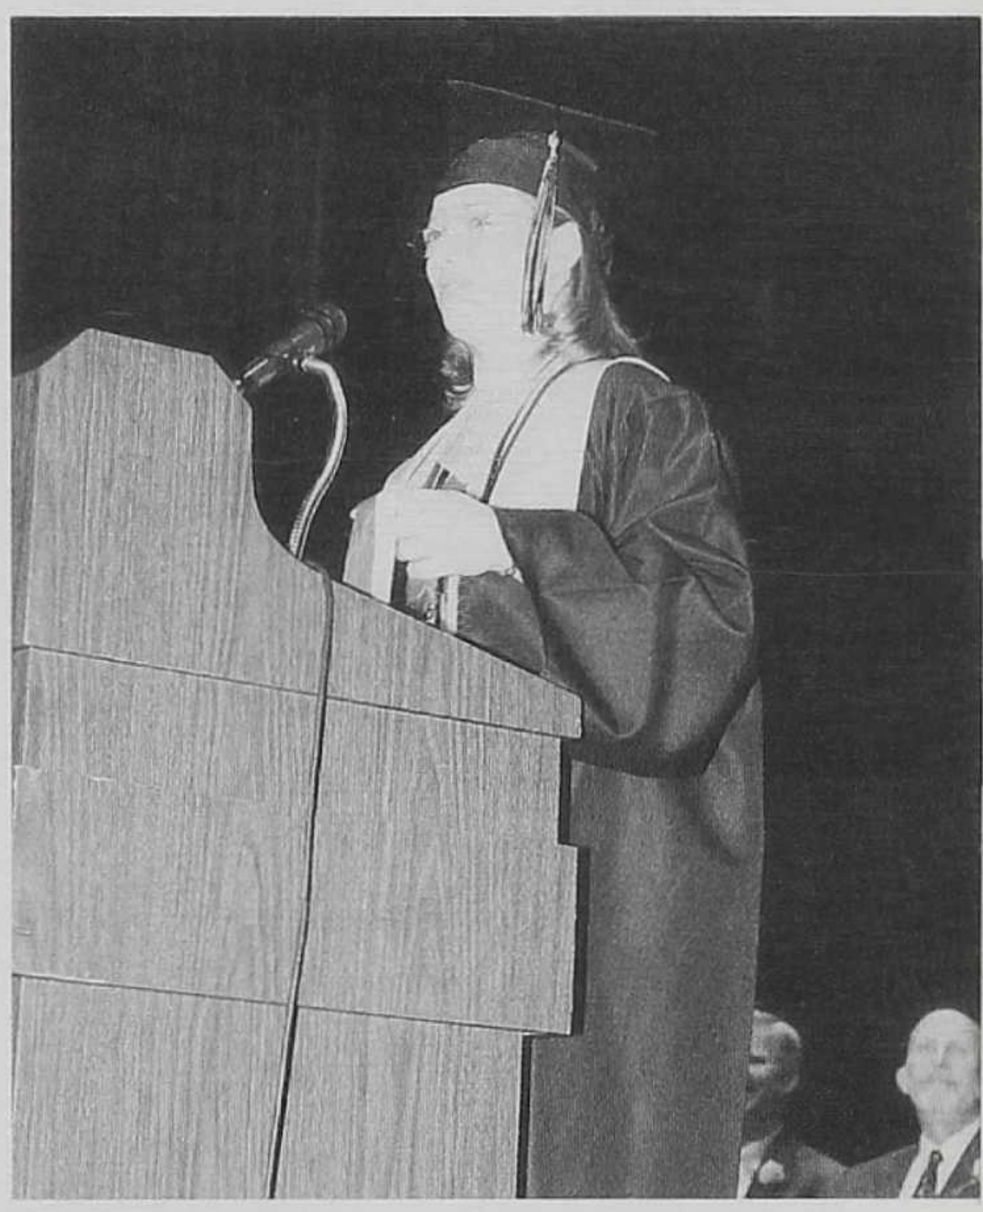
Graduation was held at Will Rogers Coliseum in Fort Worth on Sunday, June 1st, 2003. The seniors entered the coliseum to the melody of the customary graduation song, "Pomp and Circumstance". Adelia Ejiogu presented the invocation and after some welcoming remarks, the valedictorian, Amy Hinkelman, and the salutatorian, Laura Reher, addressed the class. After their speeches, the Business Imaging and Multimedia class presented the Senior Slide Show. The touching presentation featured each graduate with a childhood picture, a senior picture, highlights of their accomplishments and their favorite quote. The moment the Class of 2003 waited so long for finally arrived. The graduates walked across the stage and were greeted by Principal Rick Edwards and Superintendent Gary Dugger. Once the tassels were turned, the seniors officially became proud graduates of Kennedale High School. The benediction was then given by Anna Sparling and the Class of 2003 started a new chapter of their lives.





2003

On this day, the moment finally arrived for the graduating class of 2003. Since they walked into their kindergarten class nearly thirteen years ago, they have worked hard to achieve the moment when they would walk the stage and receive their diplomas. Graduating from high school marks a major milestone in each one of their lives. It symbolizes the start of another chapter in life with different challenges to overcome and new memories to cherish. Although their lives ahead will be full of new memories, they will always treasure the moments of their childhood.



Salutatorian - Laura Reher

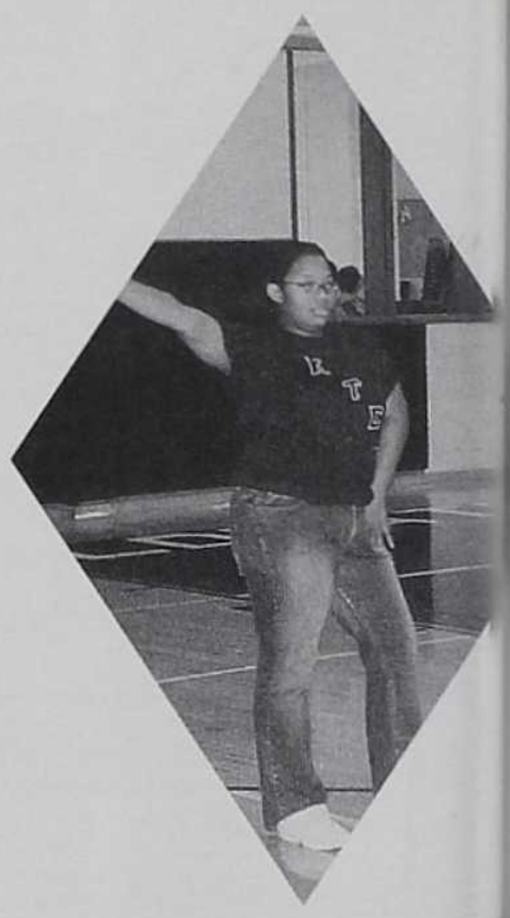
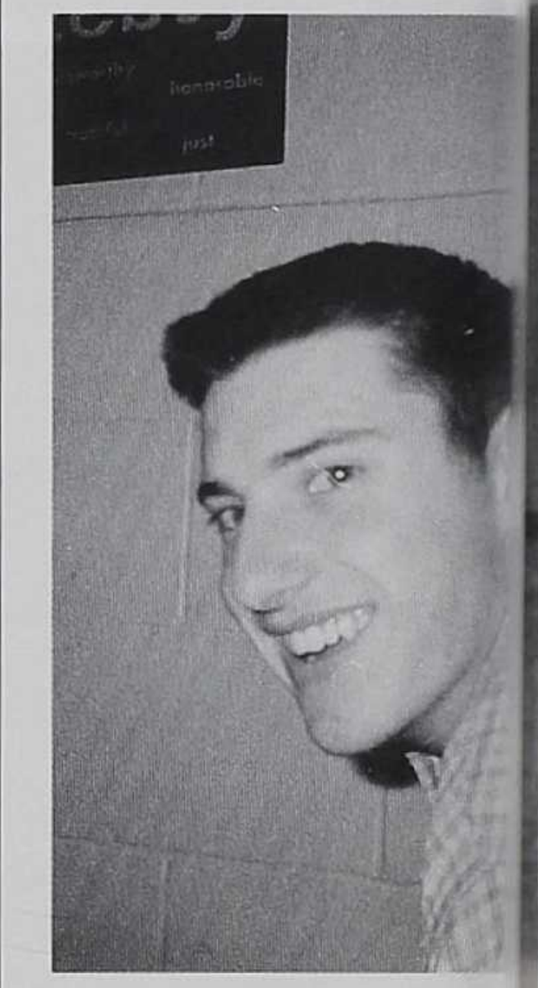
Senior Moments

"One time in seventh grade I was walking outside towards my next class. I saw my friend Adelia in front of me, and I tried to get her attention by lightly pulling on her ponytail. It then fell into my hand. She grabbed me and we ran to the closest bathroom, where she made me help her reattach it. It was really difficult because we were laughing so hard, and I'm sure everyone who saw it was too. She eventually forgave me, and we still joke around about it,"
- Christine Damelio.

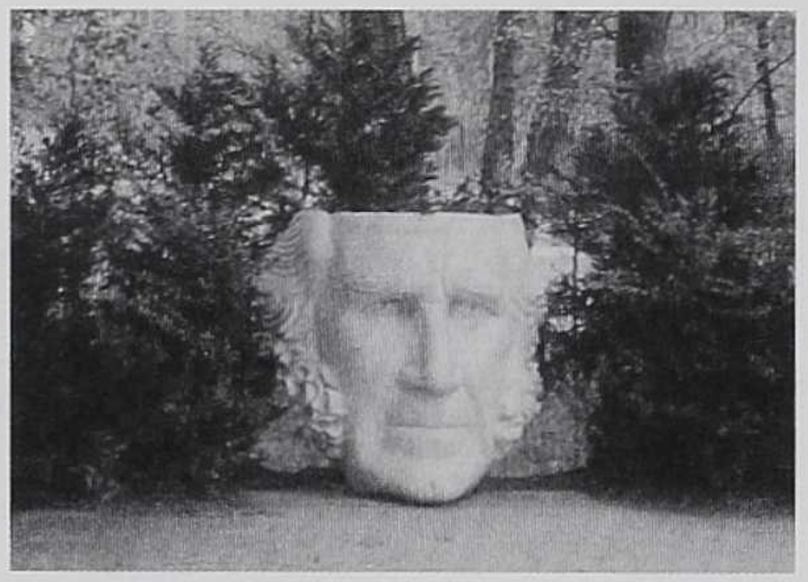
Christine and Adelia with both sets of hair still attached!



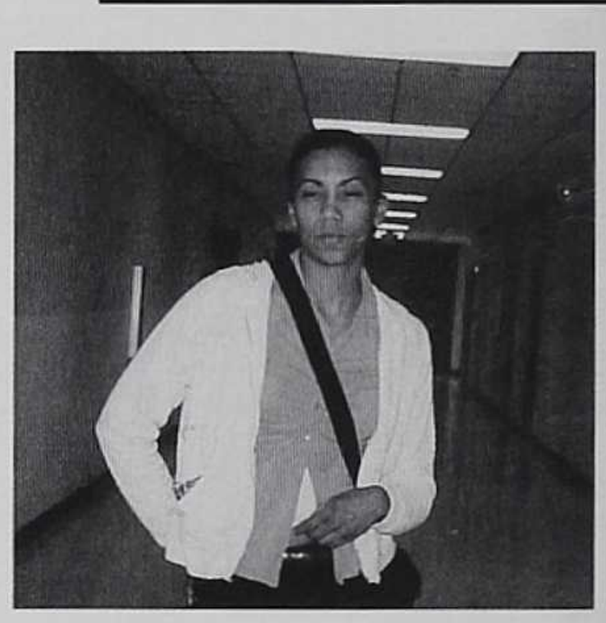


"The thing that I will always remember is my first day of first grade. I had just moved here to Arlington and I went to the primary with my dad and he was about to drop me off. While he was walking me to class the school principal, Mr. Delaney, saw us and asked what we were doing. We told him that I was there for my first day of school. He then proceeded to tell me he was happy that I was eager to go to school in Kennedale, but I was a day early."
- Ian Tuttle

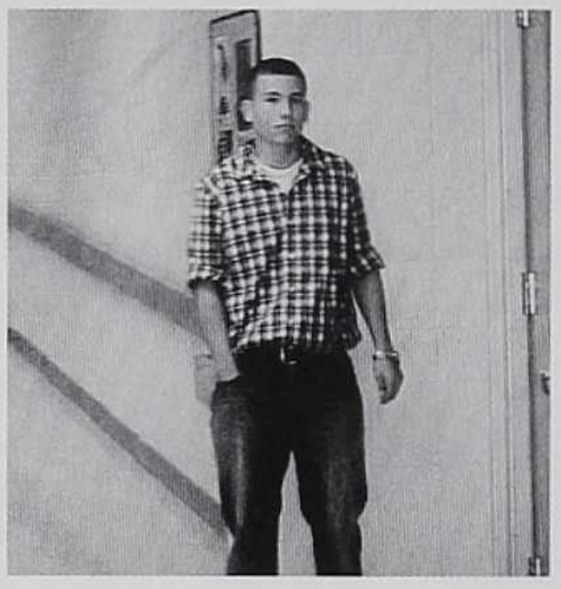
"In eighth grade we went to homecoming for the first time. We got to wear mums and go to the high school. We felt so big...it was something that I will always remember." - Adelia Ejiogu.

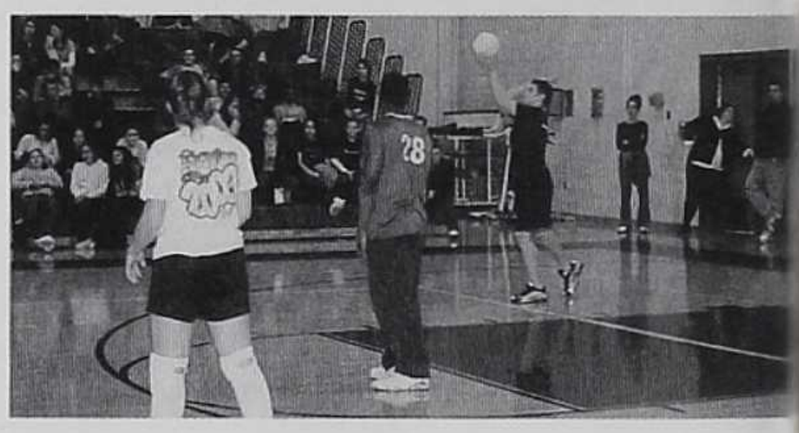


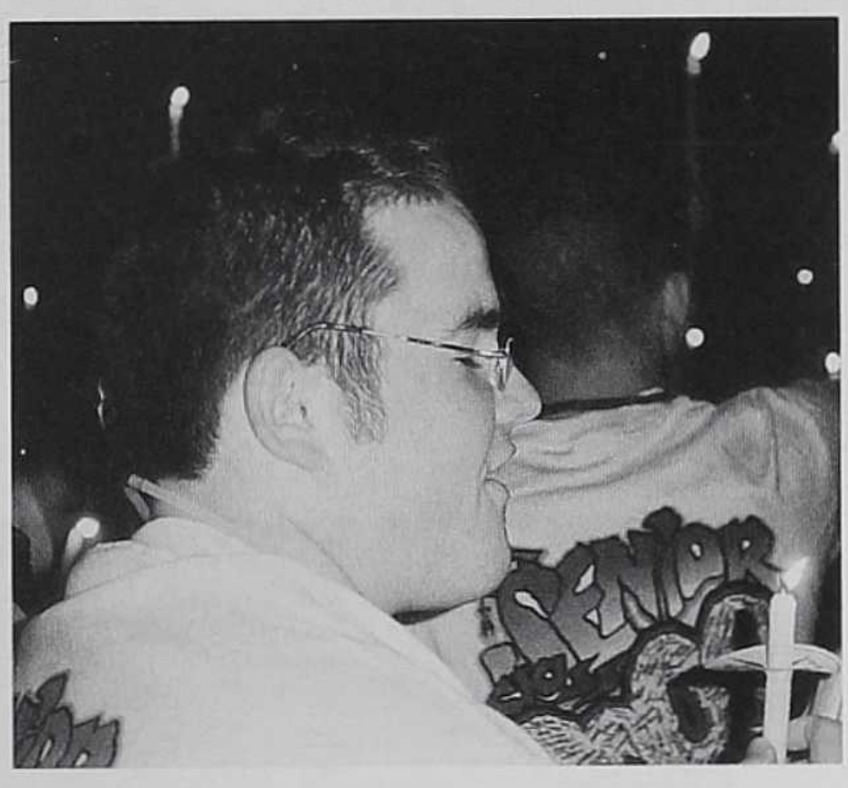
"My favorite memories were in junior high in seventh grade when I was in Mr. Cody's math class and when I was in Mr. Hosfelt's history class."
- Ben Johnson.



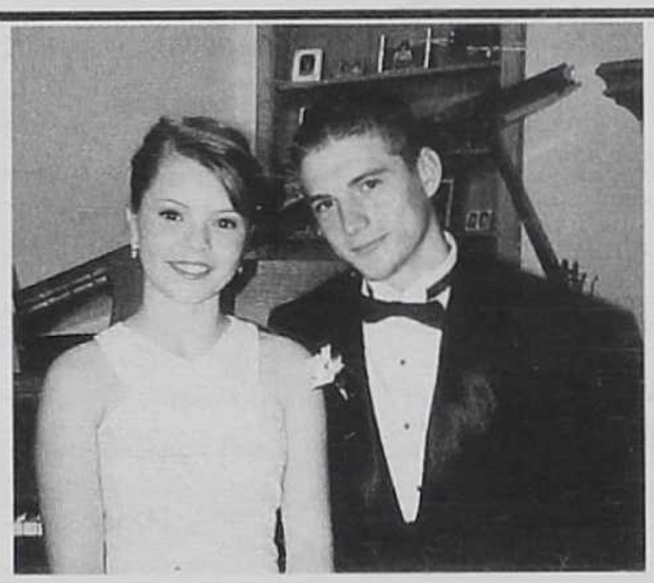
"One thing that I will always remember is when I went to Sam Houston State University and saw a statue that was 76 feet tall. It ended up being a statue of Sam Houston. After that we went to the Sam Houston Statue Museum and saw the original head that was on the first statue, but it had fallen off." - Anna Sparling.







"My sophomore year at prom, I experienced one of my most embarrassing moments ever. To begin with, the slit on my fitted dress tore to where it became an even longer slit then it was before. Later on that night, my date and I were dancing to a swing song. He flipped me at the end of the song and I was upside down for four seconds.



Because of the slit on the dress, it went over my head while I was upside down."
- Amy Hinkleman

"The greatest thing that has happened to me, is when I signed a national letter of intent to Stanford University."
- Landon Johnson

"One of my most memorable moments was when the musical *"The Music Man"* won best musical at the Betty Lynn Buckley Awards."
- Regina Gassiot

"The thing I remember most about Kennedale is when I was in first grade and I accidentally threw up on Monica Adams."
- Bethany Anderson.

"My most memorable moment about being on the volleyball team is when the team does a huddle and a roll as we run out. But one time after the roll Tiffany Jones' weave fell out."
- Sarah Bullard

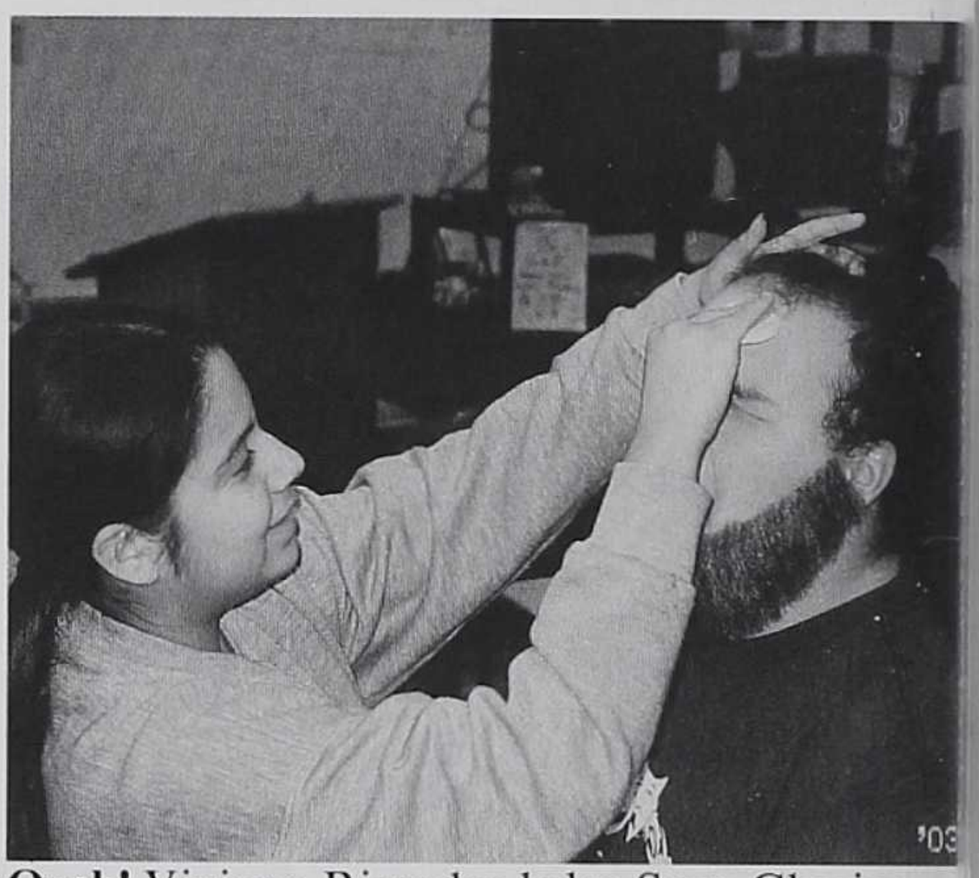
JUNIORS

Yummy Juniors Anthony Durazo, Aaron King, and Andrew Patterson finally get to dig into their fried chicken that was prepared in honor of Black History Month.

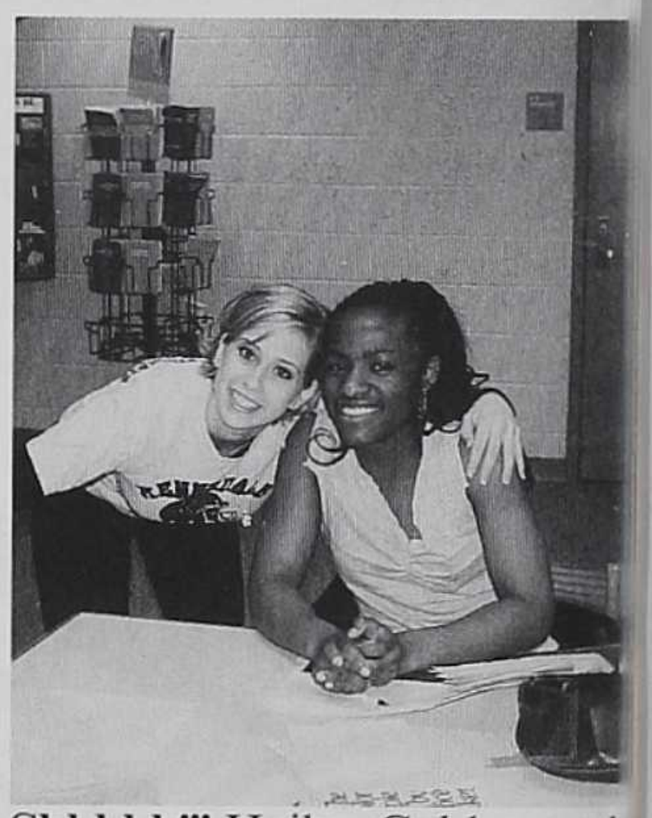
As juniors, we gained responsibilities and encountered tougher classes. Fortunately, as we became upperclassmen, we were also met with more freedom and more independence. We had the opportunities to travel off campus for lunch, arrive late at school, or leave early from school. Now as we look ahead to the future, it's finally time for our class to rise to the top. The moment has finally has come for the Class of 2004 to lead the school. It's our moment...lets make the most of it!



Ouch! Viviana Ricardez helps Sean Glovier put his face together before the big show and it looks painful.

Armor of Honor Tiffany McDonald, Sarah Reeves, Troy Evans, Crystal Benson, Hailey Golden, Geoffrey Taylor, and Viviana Ricardez show their armor in Coach Pierce's World History class.

Art 101 Artist Talina Murray shows off her beautiful and unique self-portrait.



Shhhhh!!! Hailey Golden and Abrefi Asare share some quiet time in the library.

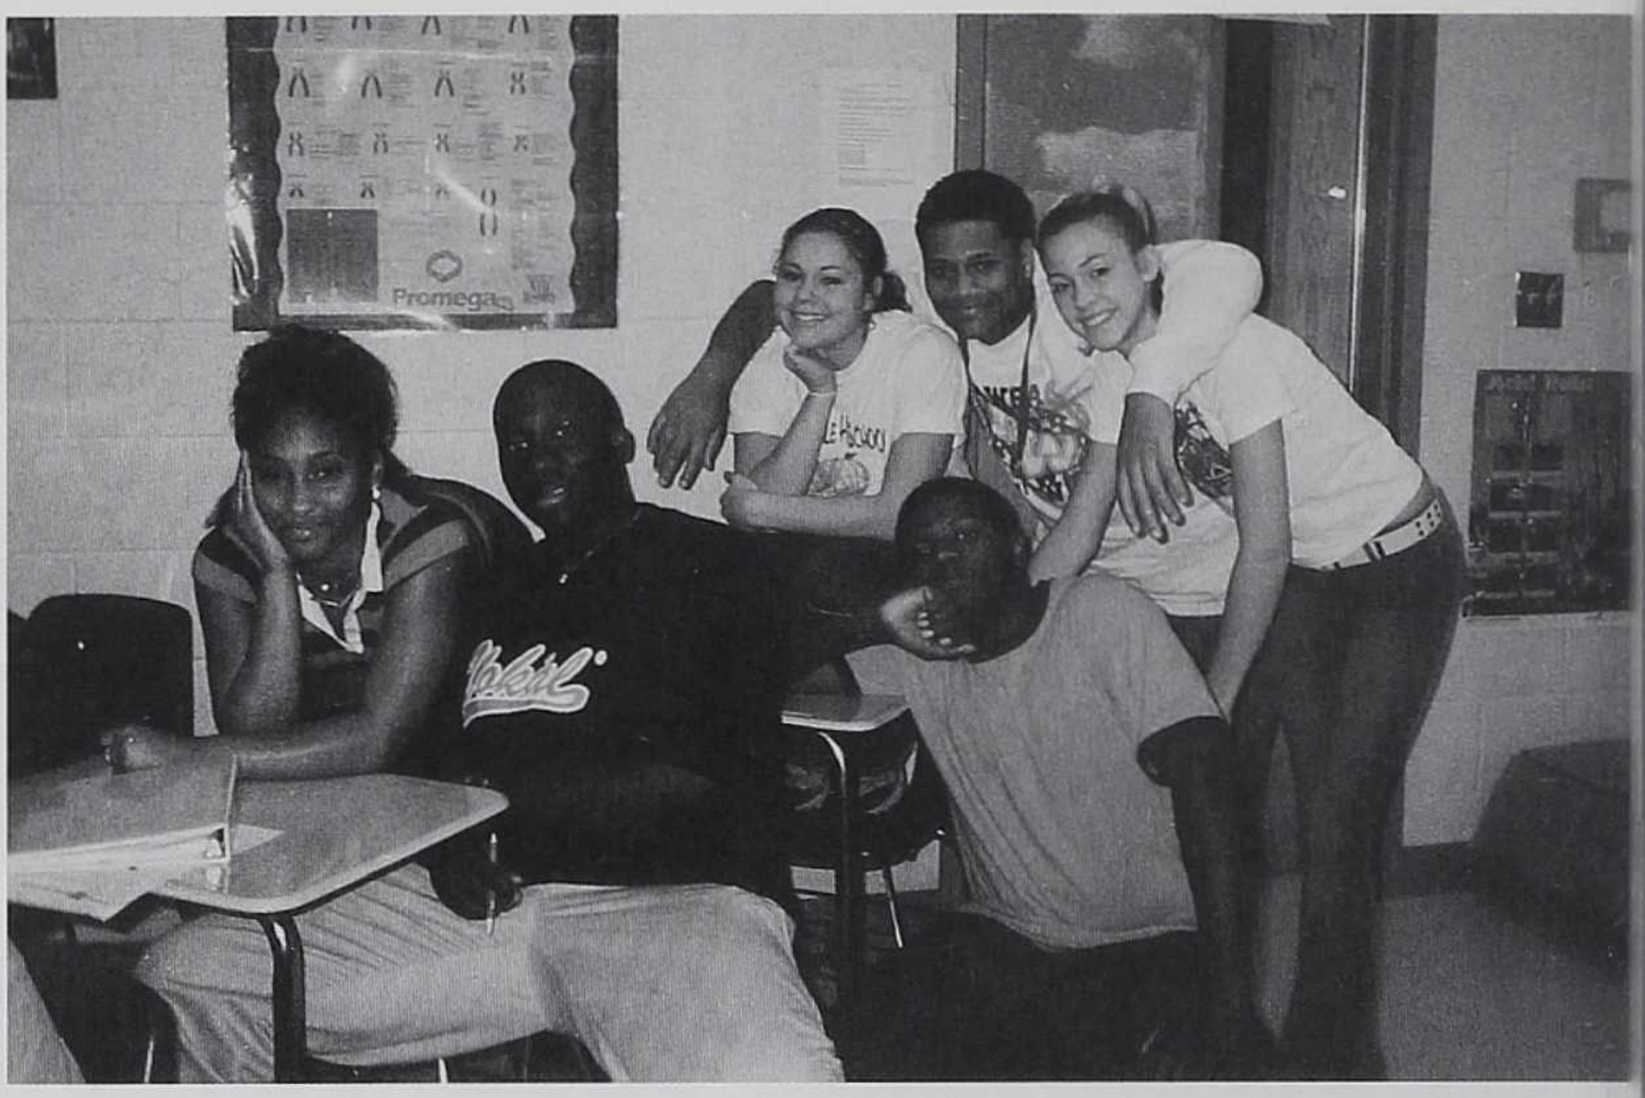
SOPHOMORES



Group Shot Sophomores Shenay Hunter, Larone Donahue, Dante Tucker, Lindsey Logos, Robert Johnson and Katie Geiger hang out in class.

Sophomores were full of spirit and excitement as they took on their second year of high school. A new chapter of our lives unfolded as we finally learned to drive. With our drivers license came more freedom and more responsibility. The ability to drive meant it was time for some of us to land our first job. For others, the sophomore year became more difficult as they took on more challenging classes. The year was full of friendships, laughter, championships, and lasting memories. A year like this will be hard to forget. We know that moments of being a "smore" will last forever in the hearts of the Class of 2005.

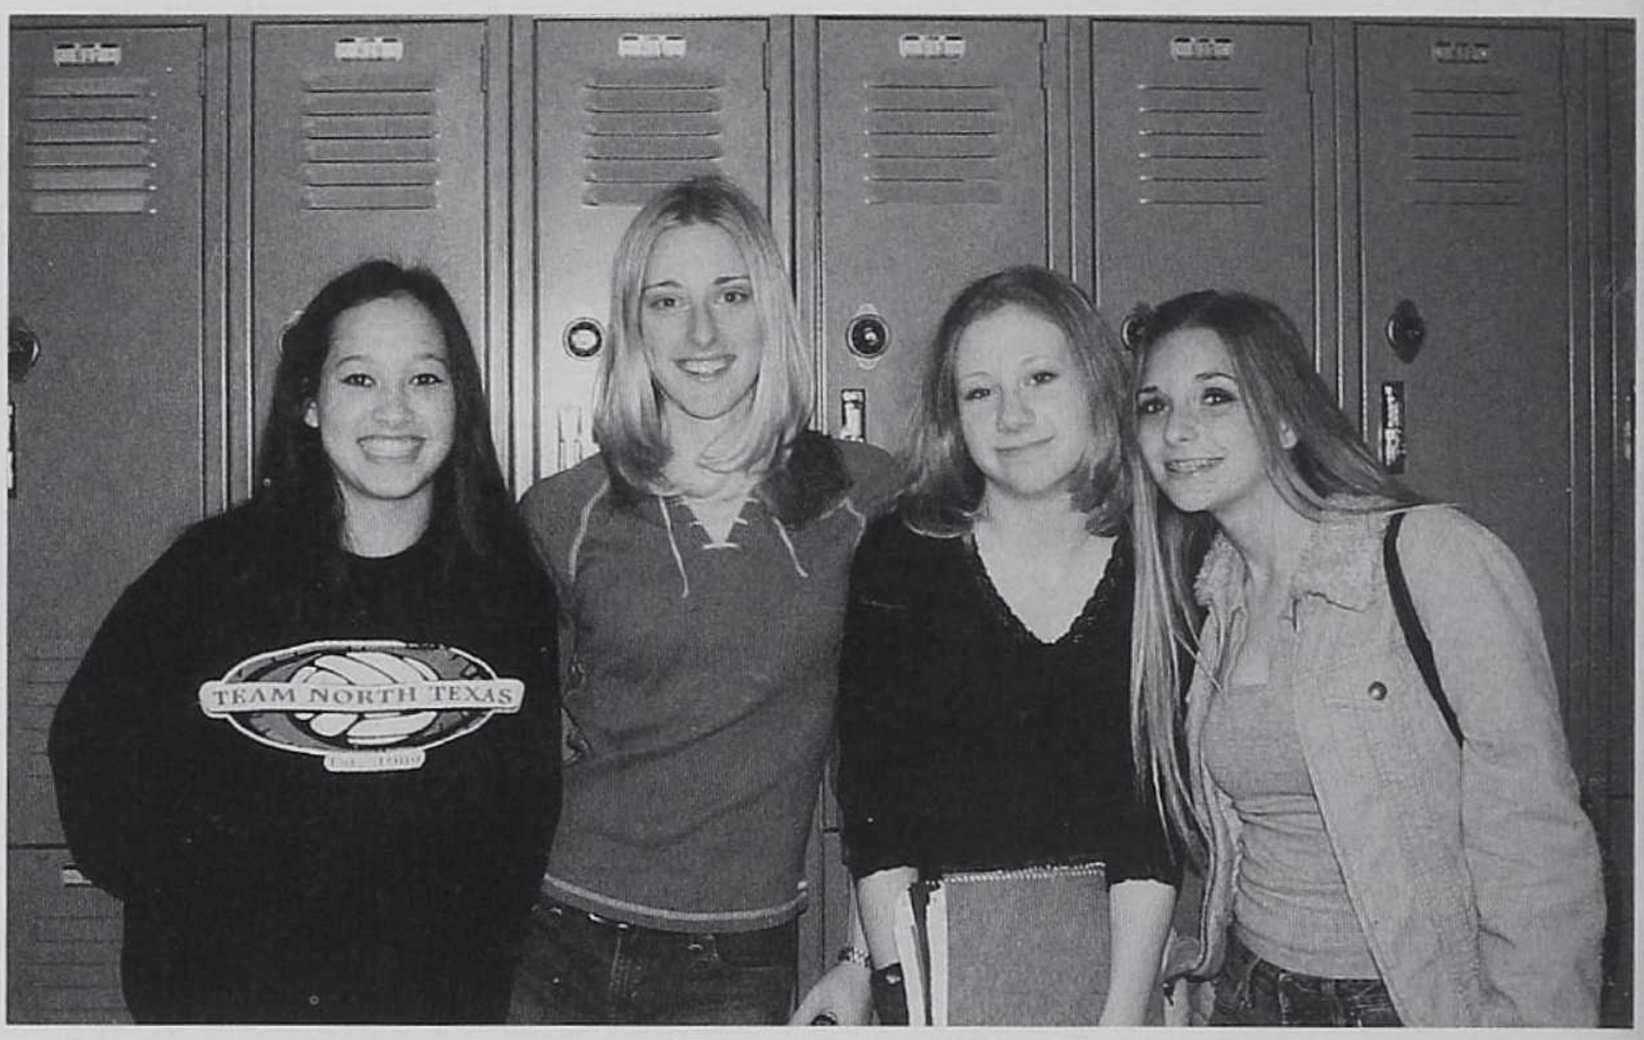
FRESHMEN

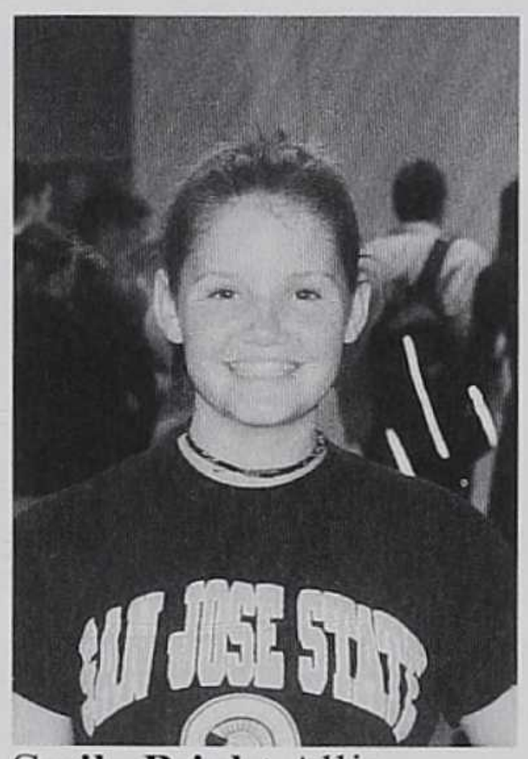


Togetherness Lauren Lee, Jessie Jo Kissel, Sarah Hayes, and Autumn Reeves get together for a quick picture between classes.

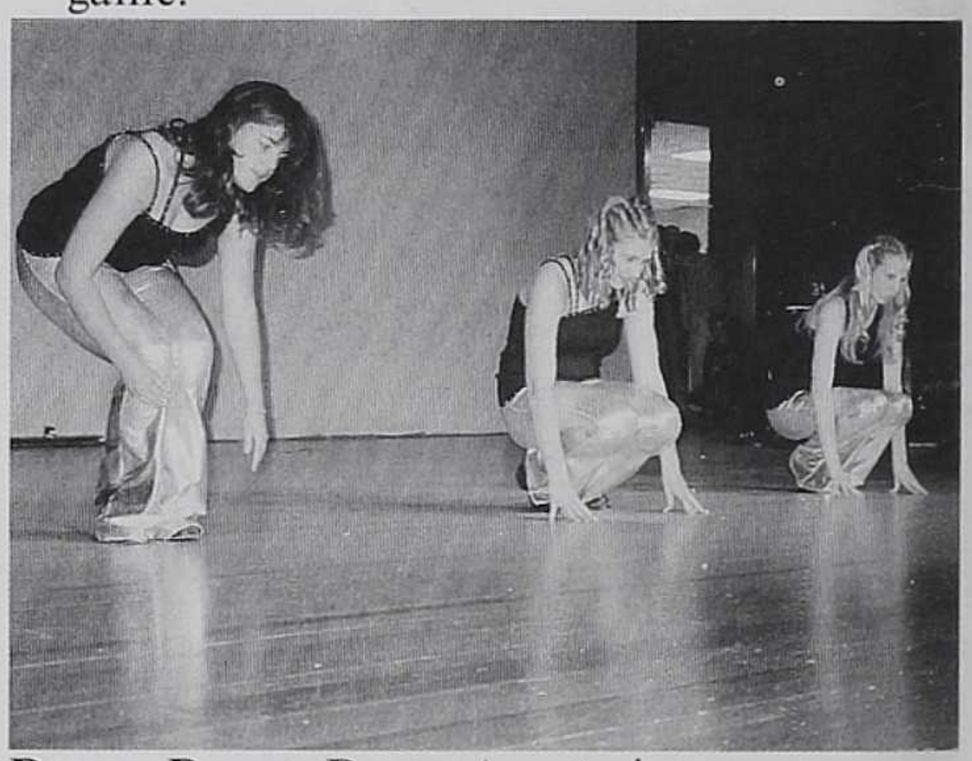
A wise senior once said, "Freshmen fear us, sophomores adore us, and juniors want to be us." Well, Class of 2006, we have survived our "year of fear" and now we are ready to move up in the high school food chain to become "smores". Our first year of high school was packed full of memories. We made an awesome entrance into Kennedale High School, some of us excelling in academics, others controlling the court in athletics, or some just bringing laughter to the hallways. The Class of 2006 will continue down the road to graduation always remembering the cherished moments that made our freshman year special.

Set...Hut The freshmen football team practices hard to win big at their next game.

Drama Queen Angelica McPartlin rests while at *Fiddler on the Roof* rehearsals.



Smile Bright Allie Cochran shows her eagerness for learning on her way to class.



Dance, Dance, Dance Anastasia Diamantopoulos, Rikki Lavassaur, and Amberly McGuyer dance their hearts out at the talent show.

This school year, the staff at Kennedale High School seemed to brighten up the hallways of our school, rather it be from crazy science experiments or a library full of knights and castles. With all of the teacher changes we endured over the school year, the new staff seemed to fit right into their new positions. From Houston to Amarillo, we had teachers coming from all over Texas. I think that everyone was very happy at our little school. Congratulations to the KHS Faculty & Staff for a very successful school year!

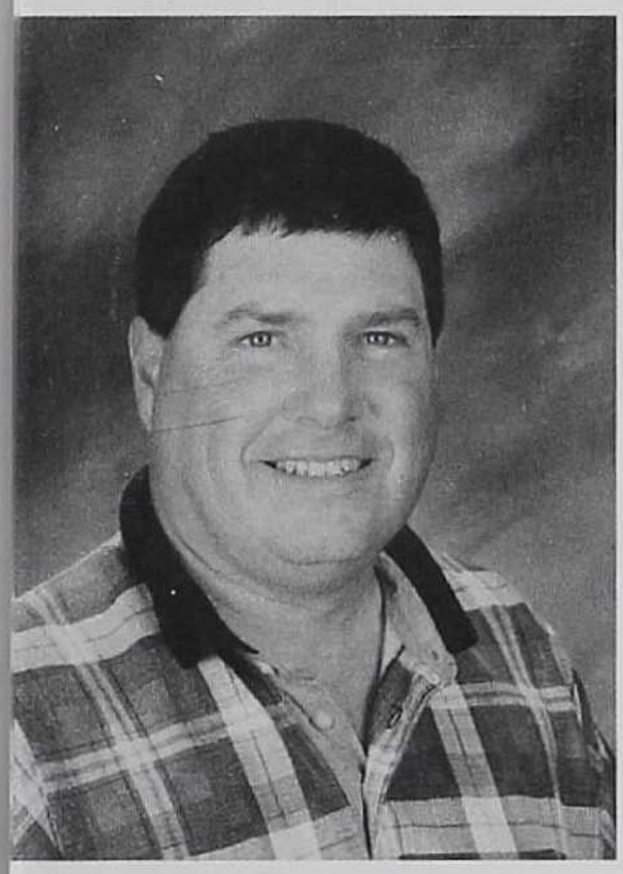
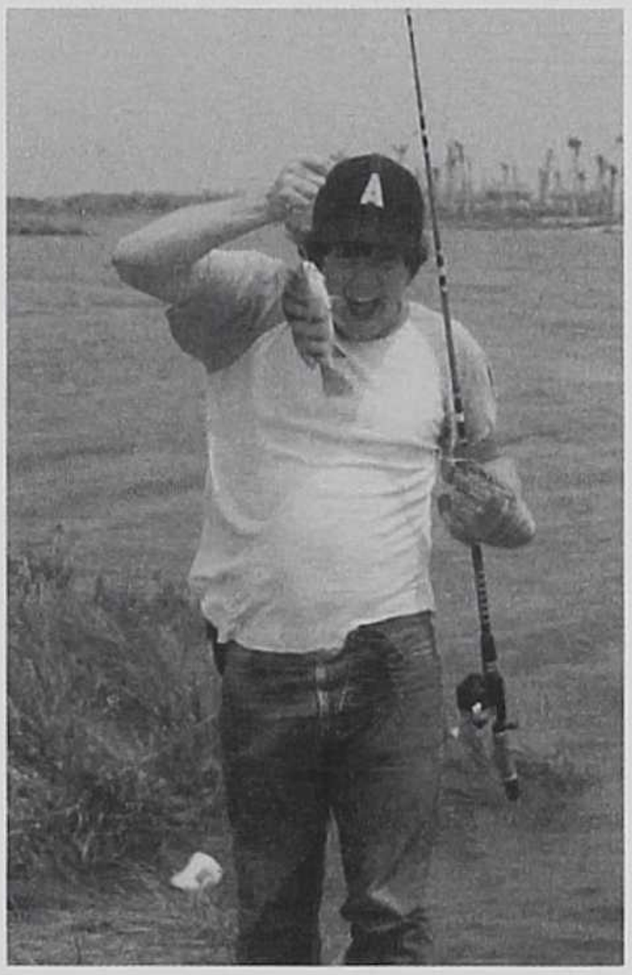
Teacher of the Year



Coach Paul Trantham

Coach Trantham joined the Kennedale staff eight years ago and has since remained simply because "it's a great place." In his time at Kennedale, he has been a significant part of the staff and has selflessly given his time and energy to the students at Kennedale as a teacher and a coach. When not at school, Coach Trantham spends time with his wife, Janice, and his two children, Justin and Lyndsey. In his free time, he enjoys camping and backpacking in various places. So far he has been rock climbing in New Mexico, Oklahoma, Colorado, Wyoming, and Texas. Coach Trantham's best summer was the summer of 2002 when he had the opportunity to help Jet Teague coach the THSBCA All-Star Game.



Miss Beth Scott

Beth Scott has been a part of Kennedale since she was a Kindergartner. After graduating from Kennedale High School, she joined the Navy where she spent three years shooting missiles for a living. A few years later Ms. Scott found her way back to Kennedale High School where she has been the Data Clerk since 2000. She loves working at KHS because of "its small, family-like atmosphere" and the great people here. Outside of school, Ms. Scott enjoys reading, skydiving, and traveling. She has impressively traveled to 39 states and five different countries, climbed three volcanoes (two in Hawaii and one in Sicily), and lived in five different states including Hawaii. Other notable memories include her part in Bill Clinton's 1996 Presidential Inauguration and cleaning up the U.S.S. Missouri before it became a floating museum in Pearl Harbor.

The 2002 Most Valuable Player award went to two Kat players, **Kayce Zielinski** and **Tiffany Jones**. They both worked hard all season long to earn the prestigious title.

Tiffany Jones said the most difficult game they had to face was a toss up between Everman and Glen Rose. Both opponents were tough competition. Some of her favorite things about the season were all the new faces on the team, both players and coaches. Her only dislike were the long bus rides without any sleep. Overall, Tiffany had to say the following about the season: "We had a lot to overcome and rise above, but in the end we succeeded."

Kayce Zielinski on the other hand had some different things to say. In her opinion, their toughest game was against Irving Nimitz. "They are a really tough 5-A school and had some big players with some good skills... and we are just a small 3-A school with talent and skills. This was a major victory for us," Zielinski quotes. Kayce's favorite thing was just getting to "play" the game and her biggest dislike of the season was the uncomfortable spandex uniform. Although sad to see the seniors on the team move on, Kayce is excited about next year's season except for two-a-days. In the end, Kayce wants everyone to remember just one thing: "No matter who you lose to, the sun will still come up tomorrow."

Boys Basketball

The Kennedale Wildcat Basketball Teams had a very successful season from Varsity down to the Freshmen. The Junior Varsity and Freshmen Hoop Squads ended their seasons triumphantly with wins over half of the teams in their difficult district. Applying the finishing touches to an outstanding year was the Varsity team completing the season 21-14 and 11-3 in district. Despite the many roster changes made throughout the year, the teams managed to keep their focus and come through for each other. After tying in district with Diamond Hill, the Varsity had to have a district playoff game only to prove that their loss was just a fluke. The Varsity Hoop Squad made it to the first round of playoffs and had a very ironic upset losing by one point to Sanger High. This very experienced team was mostly composed of upperclassmen. Leadership was impossible not to find and most of the team earned district recognition. Yet another Wildcat success story.

Girls Basketball

The Kennedale Lady Kats had an outstanding season this year. After coming in 2nd in district behind Godley, the Varsity went to the playoffs for the second year in a row. The Varsity Lady Kats won Kennedale's first playoff game in at least 30 years. As they headed into the second round of playoffs the Junior Varsity was there to cheer them on every step of the way. Sadly, the Lady Kats were defeated by Graham in the Area Championship game. The Varsity ended their season 22-10 with a Bi-District Championship. The season was filled with many firsts. It was the first time in three years that the team had any seniors that could provide experience. The team was still very young, but with confidence, talent, and teamwork, they accomplished many of their goals for the season. Definitely led by example, the J.V. and Freshmen teams ended their season with winning records. Overall, it was a winning year at Kennedale High School for the Lady Kats.

Lady Kats On Three is said at half court before every game to get everyone in the gym on their feet ready to yell.

Drill Team

Apart From the Rest The Drill Team (a.k.a. the Aristokats) strut their stuff on a constant basis. They perform in front of huge crowds of people at the football game and in front of all their fellow classmates. Aristokats gave phenomenal performances at pep rallies, football games, and home basketball games. Along the side of the cheerleaders, they put together fun-filled pep rallies and amazing routines at the football games. They also made up their own cheers and dances to accompany the band. The teammates had a sister-like bond with each other by the end of the year. This organization is definitely a character-defining one and it takes a lot of skill and practice to be able to participate in an activity as challenging as this. The Aristokats had an outstanding year with their coach, Ms. Rhonda Brunson, even though they were a relatively young group. The girls stepped up and took to the dance floor with the result of truly an outstanding year. You could dance the night away with this group of talented youths.

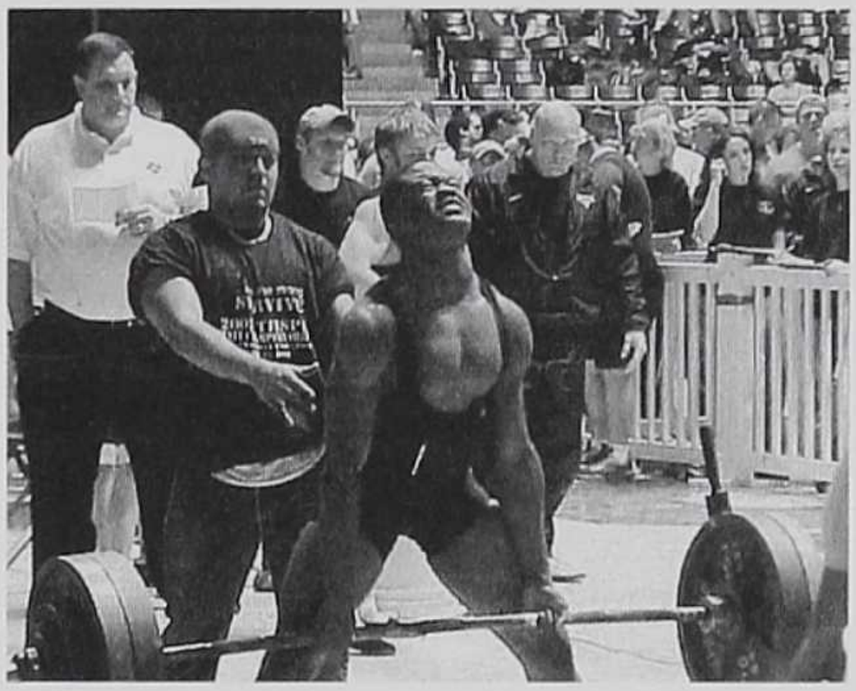
Mind Over Matter Sophomore Marcos Ramirez gets the work done!

What an amazing outcome our Wildcat lifters have achieved this year. We had one lifter, Rex Harper, make it to State. In his journey to the state finals, he developed more muscle which moved him up a weight class. He went from the 148 lbs. weight class during district and regionals to 165 lbs. weight class at State. The other lifter who held the 3rd place position during regionals was Brandon Cooper. This meant that if the first or second place finalists could not make state for whatever reason that he would be the next finalist to perform at state. At the State meet, Rex Harper came in 6th place. This was the first year that Kennedale has ever offered girls powerlifting. Even though this was a learning experience for all the girls, one of them was ranked in the region. Anna Sparling was ranked 20 out of 52 girls. It was an amazing season for all of them.



When The Going Gets Tough, The Tough Gets Going At the state meet, Rex Harper deadlifts an astonishing 520 pounds.

Track & Field

Under the coaching of James Polk, the Boys Track team did incredibly well throughout the entire season. Together as one team, the Junior Varsity and Varsity track members made a common goal to place high in district, advance in the regional track meet and then go on to state. At many of the meets they attended, the Wildcats were the dominating team and took control at all distances. After racing with record breaking teams, the relays prepared to take over at district. By the time the District 8-AAA meet rolled around they had a plan and stuck to it. United and unstoppable, the Wildcat Track Team became the 2003 District Champions beating out Everman and all the other teams in the running for the district title. By the end of the track meet they had thirteen athletes going on to regionals and a number of medals. Among the finalists were Jerome Fisher in the high jump, Jason Tomlinson flying in the triple jump, John Douty throwing the shot put, and Matt Humiston soaring in the pole-vault. Josh Garza also did well in pole-vault. Other key wins include Chris Morris in the 110 meter high hurdles, Joshua Johnson in the 110 meter high hurdles, and Zach Mudd running the 800 meter run, the 4x100 relay, and the 4x200 relays. All made it to the Regional Track Meet in Odessa, Texas. It took more than just them to win the district meet...they had help from all their team members on Varsity that placed at least sixth. In Odessa, these athletes made a run for everything they could. The sprint relay got third overall running their personal best a 42:68. Chris Morris made it to finals in the 110 meter high hurdles and placed third overall. Matt Humiston jumped an amazing 13'6" receiving 6th place in pole-vault. Jerome Fisher competed in the high jump and beat out his competition to the last jump, out jumping them at 6'4". Jerome was the only boy to attend the state meet and he will be in the record books for being the among the first to go to State in Kennedale's history. At the state meet, Jerome Fisher high jumped 6'5" receiving 5th place in 3A competition and 10th overall in all of the classifications attending the state track meet in Austin.

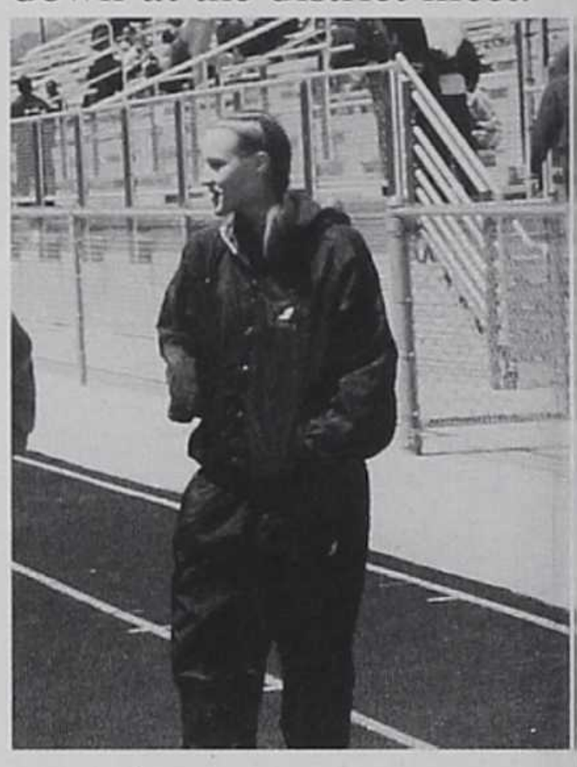
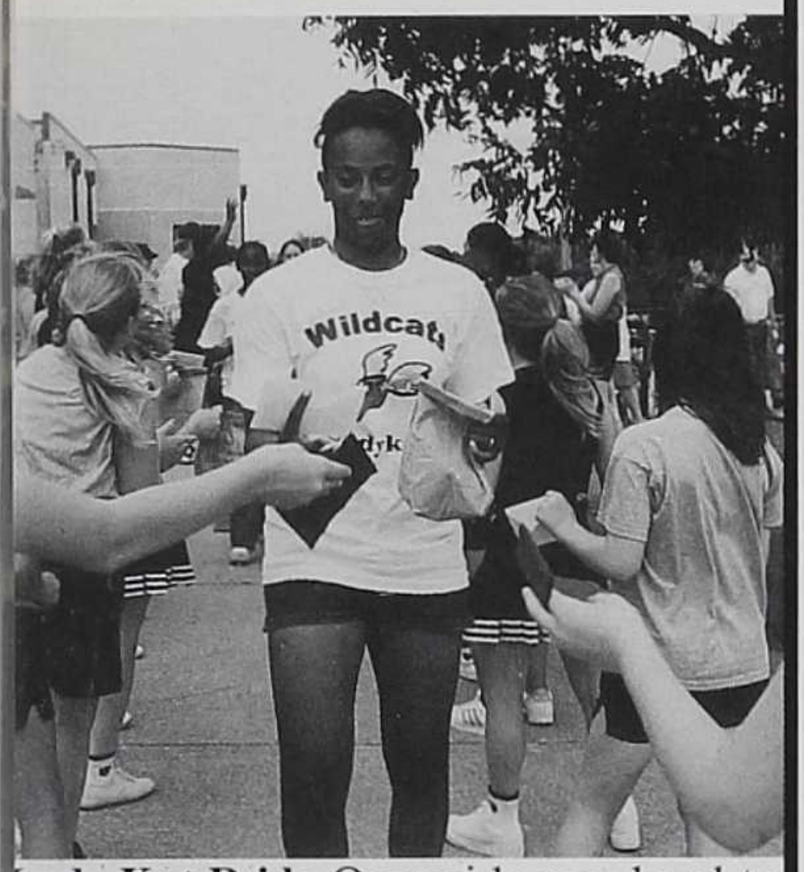
It's Gotta Be The Hair Junior Kacy Duncan gets her hair done up to show down at the district meet.

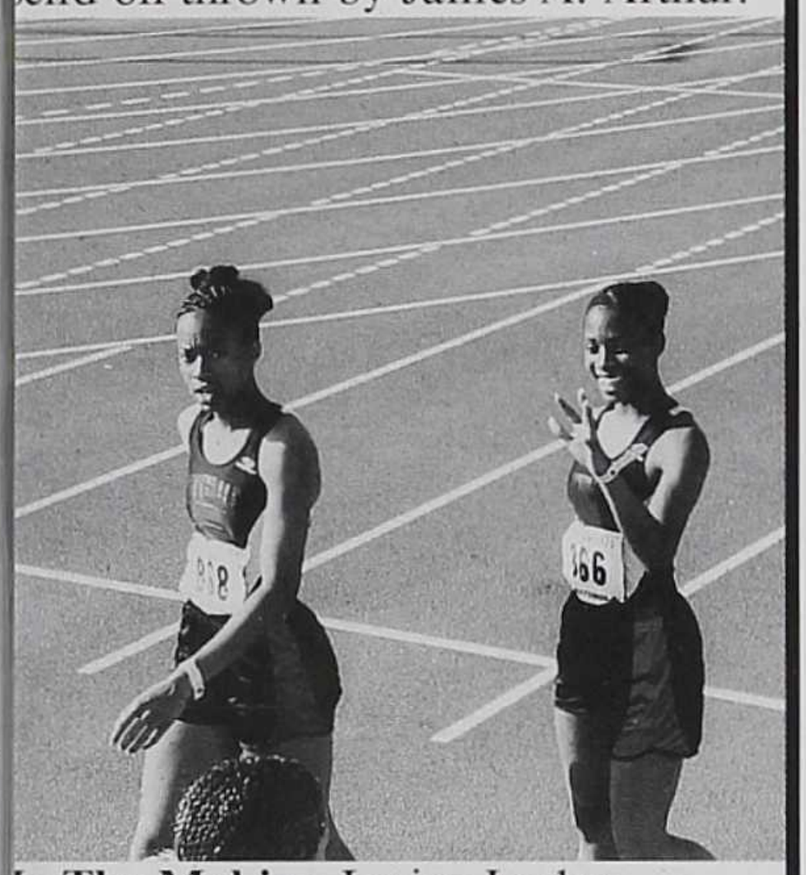


The Lady Kats were on the fast track throughout the entire season. Out to a great start, the Kats out ran half of their competition at the first meet at Castleberry. The team received medals at all distances and placed second overall at the meet. Everything fell into place as this state-bound team took control. Many of the individuals are very talented and made great efforts to make it far. The team attended the annual Texas Relays in Austin for the first time competing along side the best athletes in Texas. Attending the meet were high schools at every level from single A to 5A, collegiate level teams from across the country, and even professional runners such as Morice Green. Since it was a qualifying meet, only a few members of the team had the chance to attend. Among those were Tiffany Jones, Bethany Anderson, Abrefi Asare, Jordan Durham, Camari Hoskins, Cedonia Allen, Courtney Lee, Brittany Masoner, and Jessie Jo Kissel. The Lady Kats ran phenomenally and received 1st in the 800 meter relay, 2nd in the 1600 meter relay, and 3rd in the 400 meter relay, breaking their personal records in those three events. Cedonia Allen ran her second fastest time in the 100 meter hurdles.

At district, the Lady Kats dominated from the start to the finish placing in almost every event they competed in. Of those that place in district, over half would advance to the Regional Track Meet. In district, the 400m relay took 1st, the 800m relay took 2nd, and the 1600m relay took 1st place. In individual events, Jordan Durham took 1st in the 400m run and 2nd in the Triple Jump, Camari Hoskins took 2nd in the 400m run, Bethany Anderson took 2nd in the 100m dash, Jessie Jo Kissel took 2nd in the High Jump, Cedonia Allen took 1st in the 100m hurdles and the 300m hurdles, Tiffany Jones took 2nd in the 200, and Anique Olguin took 2nd in the 300m hurdles. Having a great chance to take over the next two meets, these Lady Kats look to win State and return to Kennedale with rings.



Lady Kat Pride Our pride was hard to hide as Courtney Lee makes her way to the bus following the closure of the send off thrown by James A. Arthur.



In The Making Junior Jordan Durham and senior Tiffany Jones wave to their large fan club after running in 4x100 relay.

Texas Relay Participants relax after competing in the 100 meter hurdles, the 400, 800, and 1600 meter relays.

Tennis

As the head coach of tennis, Nancy Young was able to to keep these Wildcats ahead of the crowd and teach them the ropes to tennis...Wildcat style. They started of with a winning season and a lot to look forward to. In the individual matches, the Wildcats took win after win to come out on top in district. The Varsity District Tennis Tournament was held at TCU on April 3rd and the JV Tournament was at Everman High School on April 8th. Overall, the KHS athletes took control at all levels. These Kats are "For Real" as they would say and proved to the whole district. Wildcat athletes know how to represent and show what they are made of!

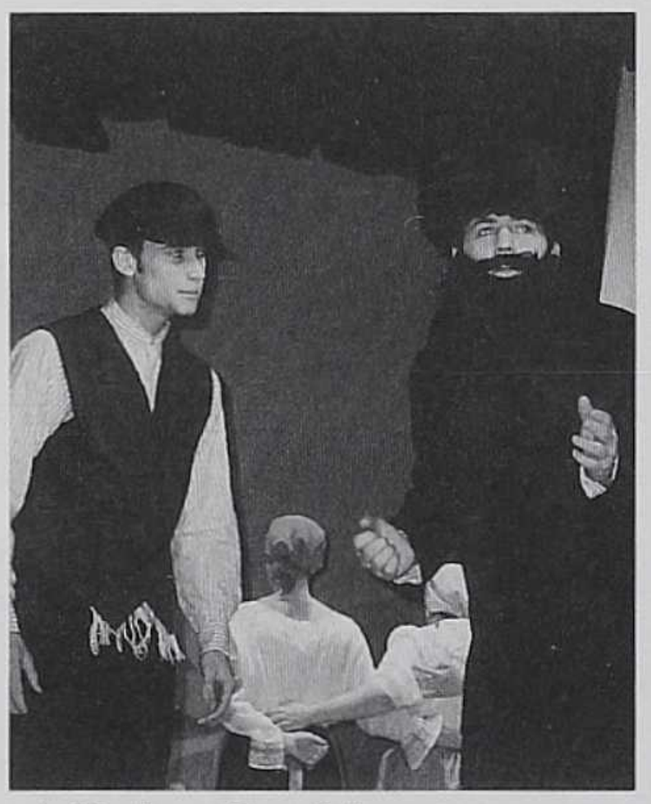
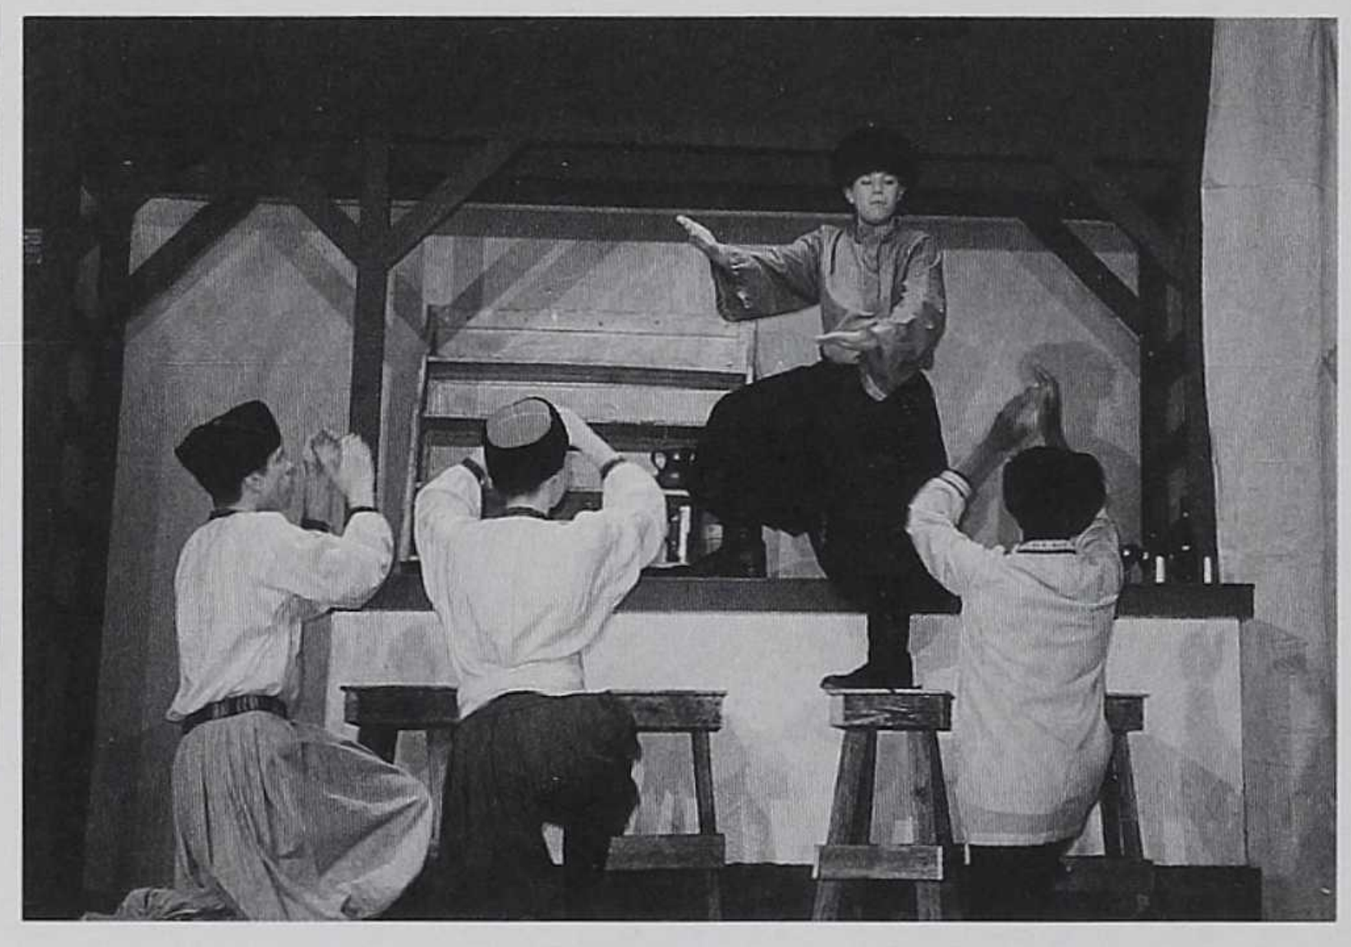
Fiddler on the Roof

Fiddler on the Roof was this year's school musical. Fiddler on the Roof is a heart-rendering depiction of family, relationships and the foundation of heritage and tradition. The main character, Tevye, his wife and daughters face changes in their lives and anti-Semitism in an early 20th century Russian village, Annatevka. Many colorful characters bring the town of Annatevka and its Jewish culture to life. Their ordinary and extraordinary struggles that they face touch many present day issues.

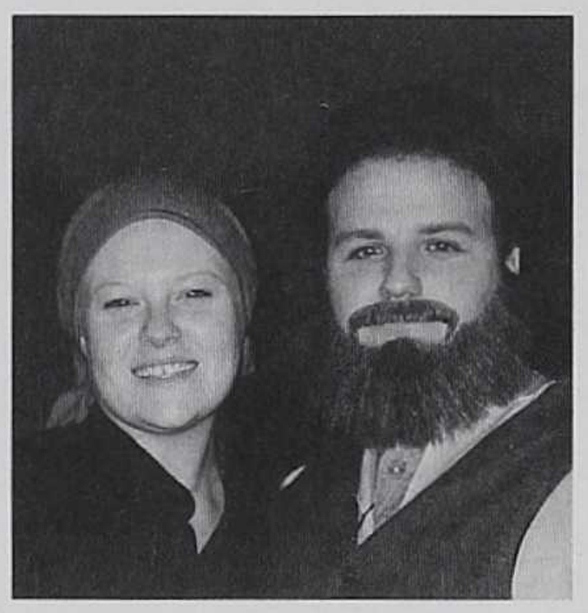


A Father-Son Moment Rabbi, Randy Mathews, and his son, Troy Evans, discuss what a proper prayer for the Tzar would be.



Inebriated Russians Bret Adams portrays a Russian soldier on top of the bar while encouraging his fellow Russians to dance in celebration of the recent announcement of the marriage of the butcher and one of Tevye's daughters.

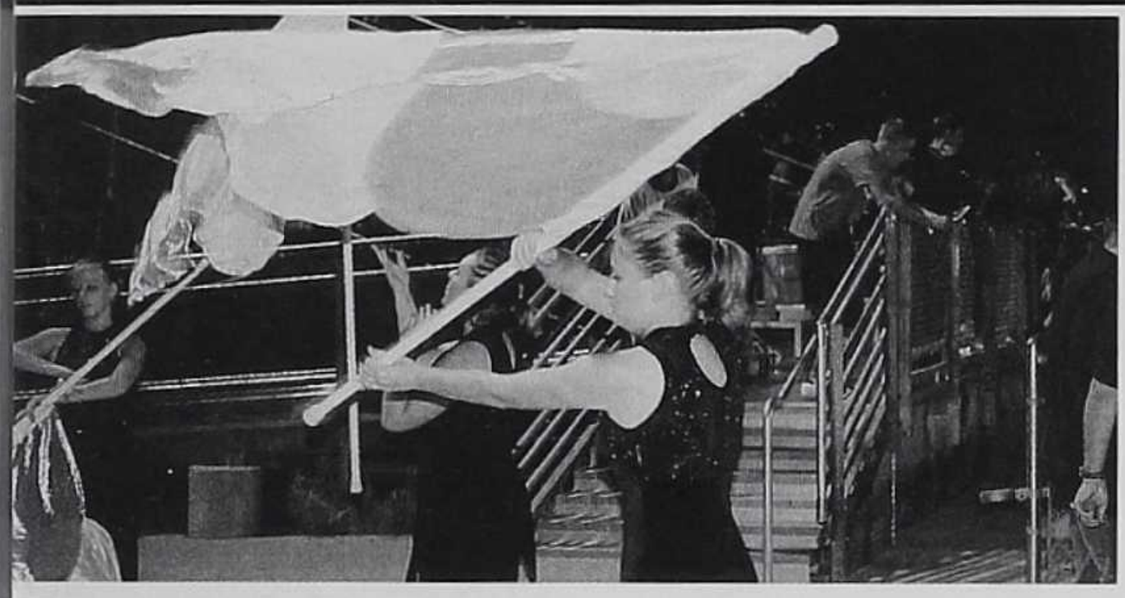
"I thought that it was an awesome experience to see what it was like to be a Jew and to be part of a religion outside of my own faith," said Junior Abbie Brown.



Oh Mama Mia Tevye, Sean Glovier, and Golde, his wife, Kristian Carnagie, show what it is like to be in a happy, loving marriage.

New Acquaintances Tevye introduces Perchik, Karl Jones, to his family and finds out that Perchik is willing to educate his daughters while staying with the family. Ultimately Perchik falls in love with one of Tevye's daughters.

Extravagant Moments



Warm-Up Mackenzie Wilkinson, Kim Garren, and Tara Butler rehearse the routine one last time before going on to perform at half time.

This year the KHS Colorguard had to start fresh from practically nothing. With a new band director, it was difficult to adjust from the old ways that things were done.

This was the first year that Colorguard had a coach. It was no longer up to the captain to make all the decisions and creating routines.

This years captain of the squad was senior, Tara Butler. Through many trials and tribulations during the year, she managed to keep the squad together and unite it as one.

The Colorguard was an added feature to the bands marching show, ***Land of Make Believe,*** a tribute to Chuck Mangione. They added much color and vibrance to the performance.

The Colorguard also tried long and hard to get a Winterguard started this year. Even though it wasn't successful, they did begin looking at different routines to do in the future and to take to competitions.

In order to be in Colorguard, the students had to be a member of the band and play an instrument. Therefore, they had double duty on their hands. Although they were not allowed to practice during the period, they did manage to get all of their practices in after school and put together a stunning performance.

What a Year in Drama

This year the drama department put on a wide variety of shows and performances. The fall production for this year was *A Midsummer's Night Dream*, by William Shakespeare.

The Christmas production for this year was *The Best Christmas Pageant Ever.* The High School Drama Department teamed up with many elementary aged children to put on this production.

The musical was a production opened to any one in the school that was interested in doing it. This year's musical was *Fiddler on the Roof.*

The one act play (OAP) was *J.B.* This was a production that was put on the more advanced students in the drama department at the school.

This year's new drama teacher was Ms. Hazelton, a graduate of Texas AM University.

Ms. Karen McElhaney describes PAL (Peer Assistance and Leadership) as a program in which selected students are trained to serve as peer helpers and mentors with other students on our campus and at Kennedale Junior High, as well as Arthur and Patterson Elementary Schools. In addition to working with students on these campuses, the PAL class has performed several service projects including providing childcare during two of our school's plays and sponsoring the school wide Christmas canned food drive which raised over four thousand items for the Tarrant County Food bank. In the spring, the PAL class sponsored a district wide letter writing campaign for our American troops through the Red Cross. Kennedale ISD donated over 3,800 letters, which was the largest they had received from a single organization. With hard work and dedication, the PAL class has made a positive impact this year on our school and our community.

What's your favorite thing about writing for the KHS newspaper staff?

"I just like writing in general and I actually have a class where that is all I do, so that's cool."

What would you say to people considering joining the staff?

"It's a class where you aren't buried in work but you can still learn things and get done what you have to."

Mr. KHS Pageant

1st Annual

On March 6, 2003, Kennedale High School launched the beginning of the Mr. KHS Pageant and crowned its first Mr. KHS. The auditorium was packed full of students eager to see who had the "stuff" to win the title. Two juniors and six seniors competed against one another to prove they were the best. The contest consisted of three different segments: swimwear, talent, and interview. In the swimwear portion, the gentlemen strutted their stuff on stage equipped with sunglasses and floaties. The funniest segment of the competition was definitely the talent portion. From silly role-playing to off-the-wall dancing, the whole crowd was energized with laughter during this segment. In the last segment of the evening, young ladies escorted the eight dashing contestants onto the stage where they were asked daunting questions by the hosts. After three rounds of challenging competition, the panel of judges finally made their final decisions after minutes of deliberation. Second runner-up was junior Kirsten Hawkins and the first runner-up was senior Matt Humiston. After much anticipation, it all came down to this single moment...junior Rex Harper was crowned Mr. KHS.

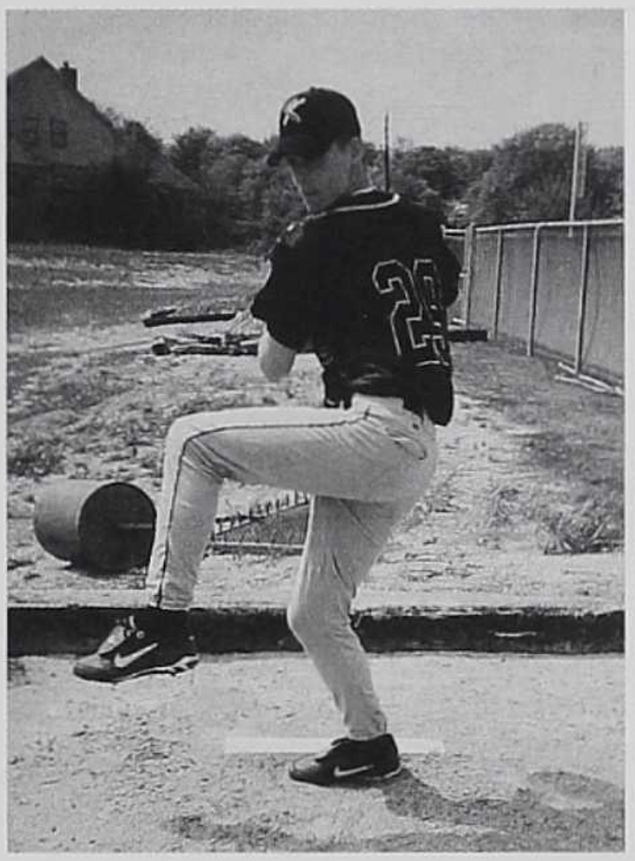
Austin- On August 29th, you made your quiet entrance into this world. Our lives were forever changed, for the best of course. We're so proud of the intelligent young man you've become, with a heart as big as Texas.

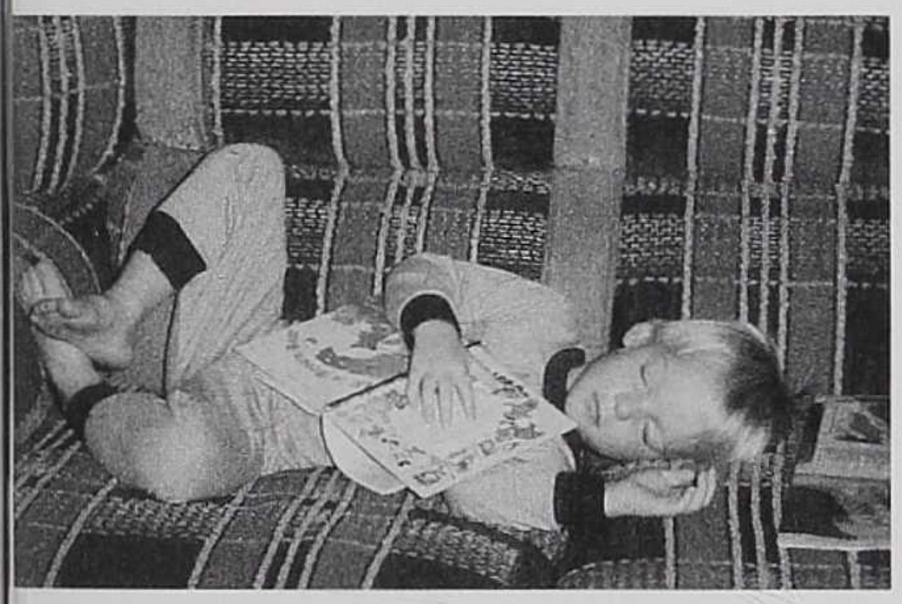
Your life is taking a new direction soon. Remember to keep your head up and keep your faith in God. Take one day at a time and don't forget, you'll always be our baby even when you're eighty!

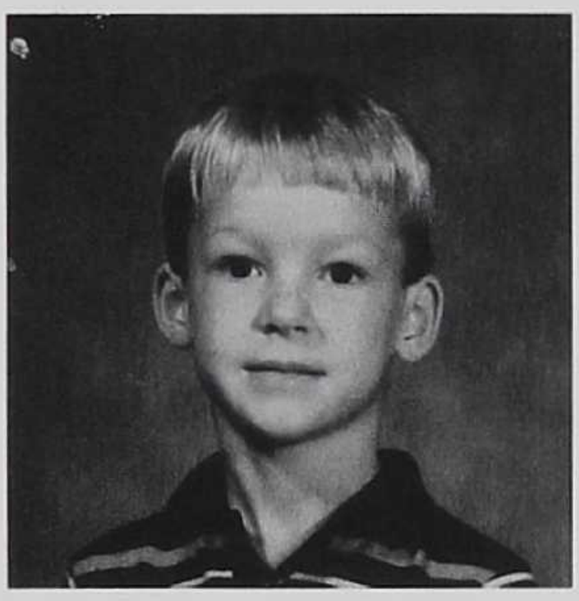
We love you always,
Mom & Dad

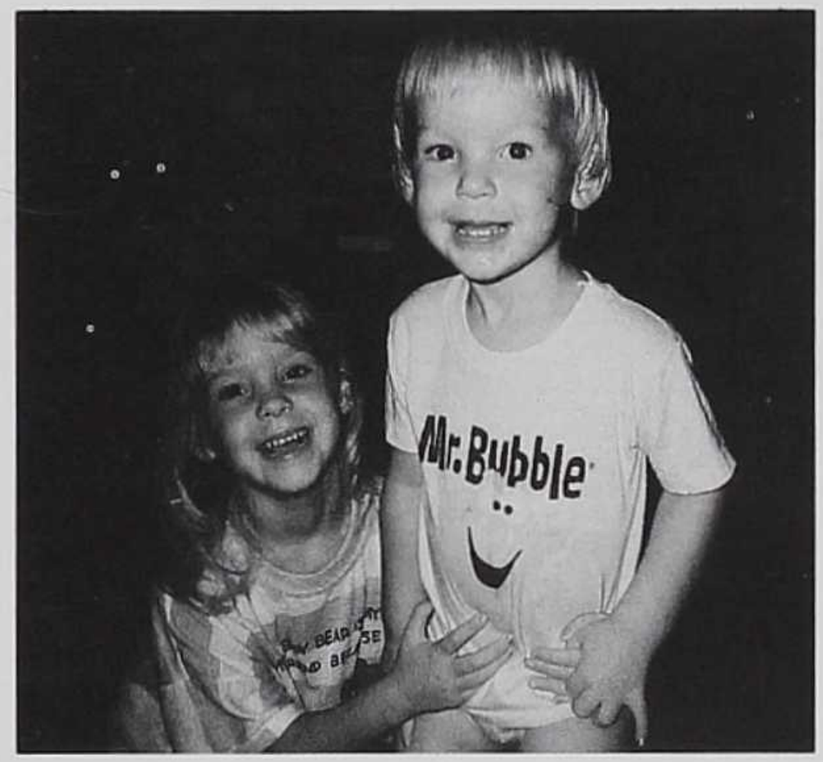


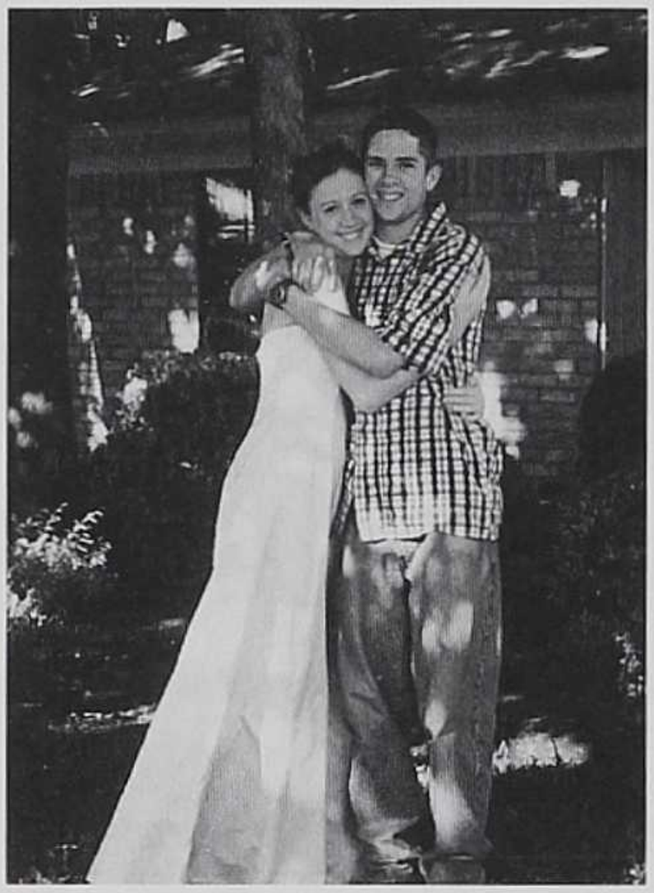
Austin,

I can't believe my "little" brother is graduating high school. I'm so proud of everything you've become. You know I will always support you in whatever you do. You're not just a brother to me, but also my best friend. Good luck! And remember "your sissy loves you."
Love,
Lindsey









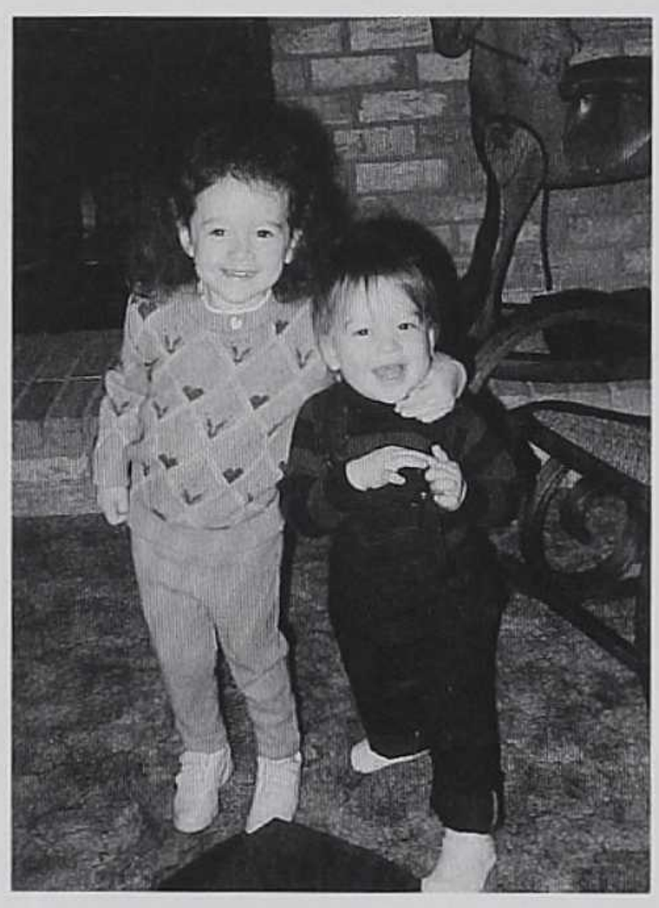
Dear Marisa,

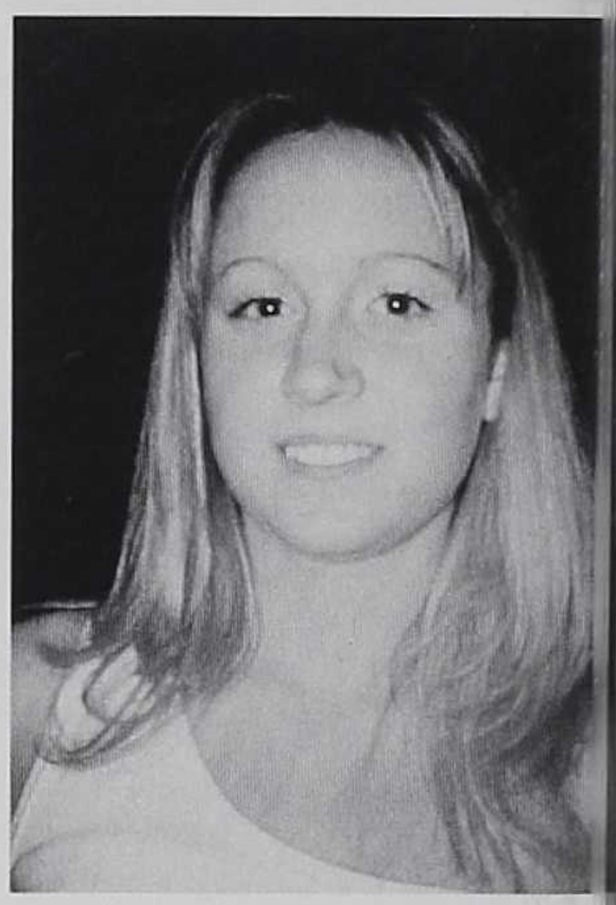
You have been the best daughter any mother could ask for. You're kind, considerate, smart, beautiful, and a constant source of laughter and pride. God blessed me with a wonderful gift when He gave me you.

Over the years you have been called by many different names: Pumpkin, Marisa Angel, Sha Sha, and, of course, Princess. But now that you are grown, I'm honored to be able to call you "friend".

You are a little girl who still sleeps with her baby blanket, but you are also a woman who is strong and confident. The world is yours for the taking, but remember you will always have a home to come back to.

May God Bless you and keep you safe.
Hugs and kisses and lots of love,
Mom



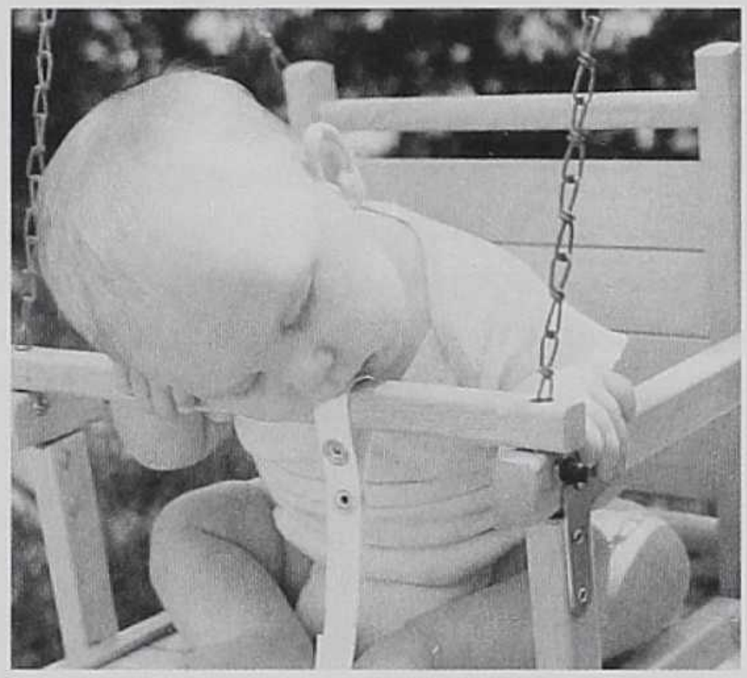


Jereme Molina

Congratulations son! We love you so much and we are so proud of you. It is hard to believe how quickly you have grown from a little boy to an amazing young man. You have reached an incredible accomplishment in your life. As you move forward to your next goal remember that we will always be here for you, praying, wishing and cheering you on.

We Love You
Mom, Tom, Kandace
Granny & Papa

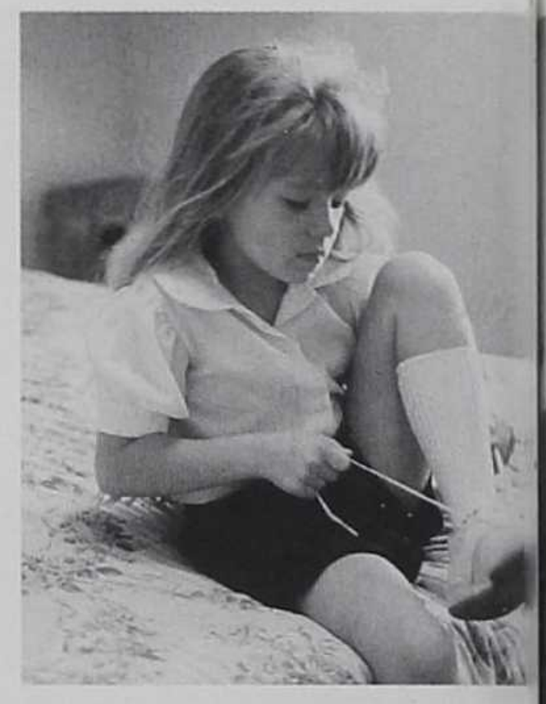
Bud,
God has blessed you with so many gifts. Remember His word says, "To whom much is given much is required."
Luke 12:48
I love you,
Mom



Greg,

No matter how big you get, you will always be my baby brother.

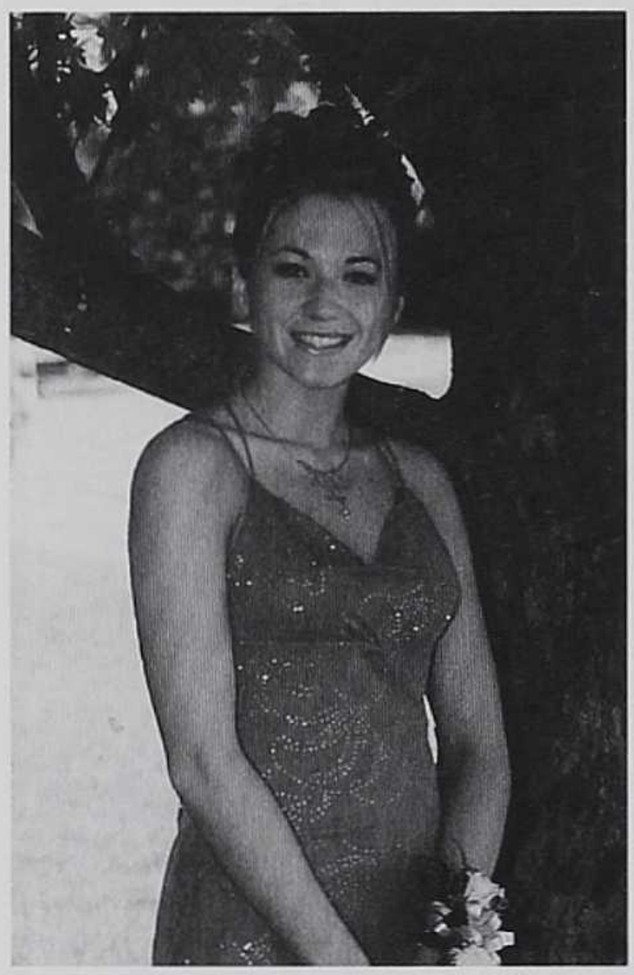
I love you,
Sissy



Stephanie,

The character definition of your name means "faithful servant". The origin of your name is Greek and means "crown" and from the time you were born, you have been a crown to our lives. To say we are proud of you doesn't express our actual feelings. You have always been a true blessing and joy to our lives.

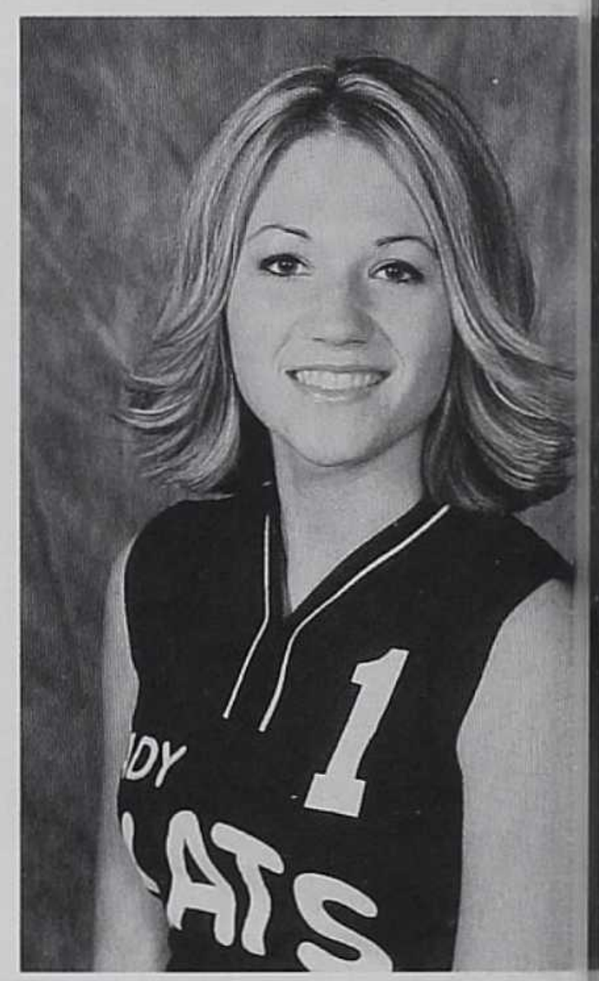
From that tearful morning of your first day of Kindergarten, throughout your remaining years of growing up, we have watched a little girl become a beautiful young lady. Stephanie, you have always had a passion for life, a love for learning and a commitment to excellence in everything you do. We are so proud of how you have always displayed exuberance in leadership by showing a caring and encouraging attitude to others. You are well on your way to becoming exactly like the meaning of your name, "a faithful servant".



Throughout all your bumps, bruises, sniffles and myriad of youthful emotions, you and Christopher have always been and will continue to be the greatest highlights and joys of our lives.

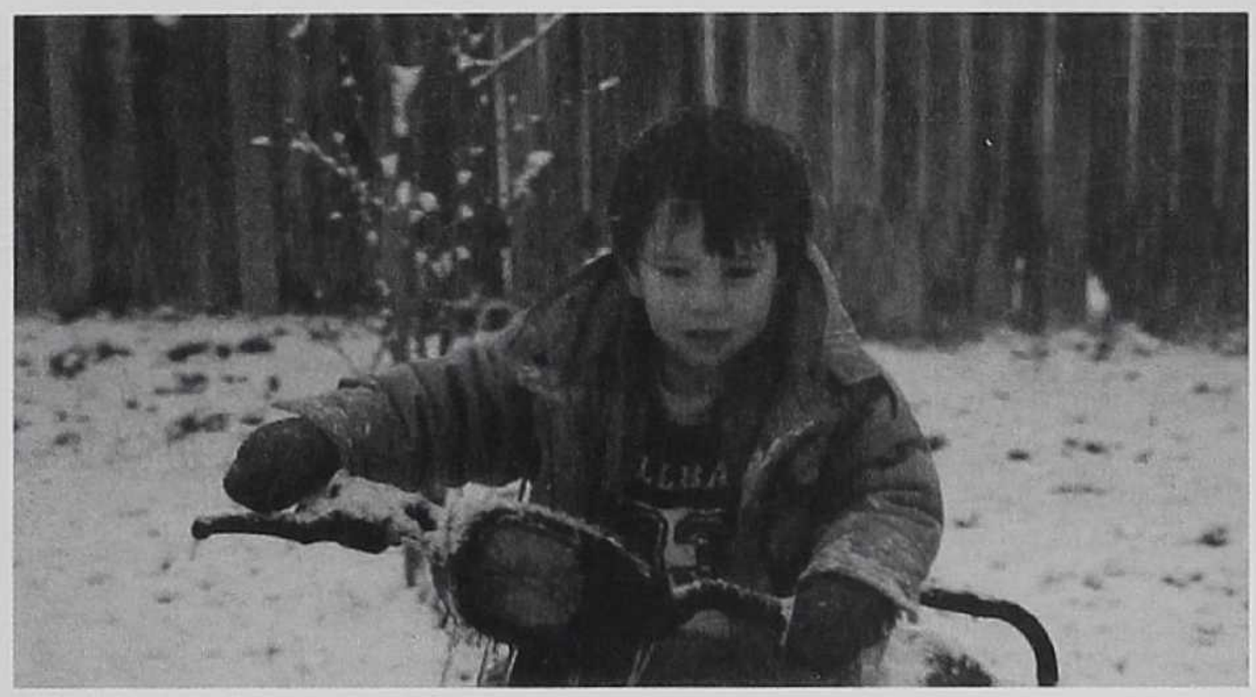
As your parents, we are extremely proud of you and always pray that you will continue to seek the Lord Jesus Christ for spiritual growth and guidance in all that you say and do throughout your life.

With all of our Love,
Mom and Dad



Stephanie,
You have been a great friend for so many years. Time has gone by so fast. I remember our freshman days as if it were yesterday. You have had a big impact on my life. Always when I have needed you, you have been there to hold my hand and help me through. College is just a blink away and I wish you luck with the future. You're a strong girl and nothing can stop you from getting what you want.

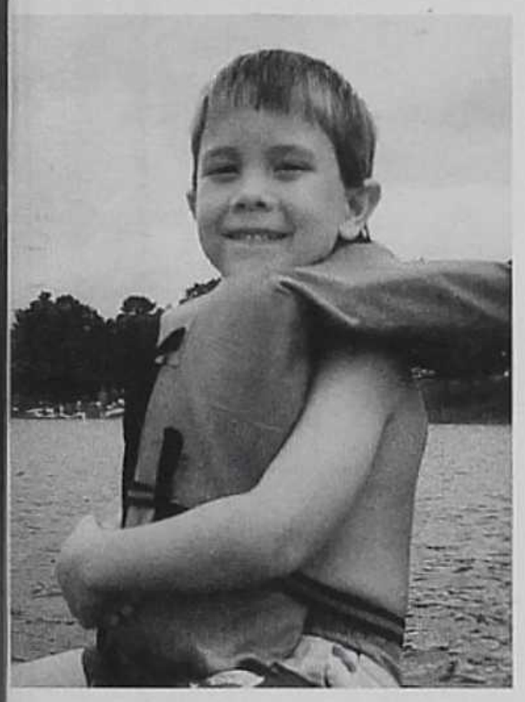
Love ya, Kassidy

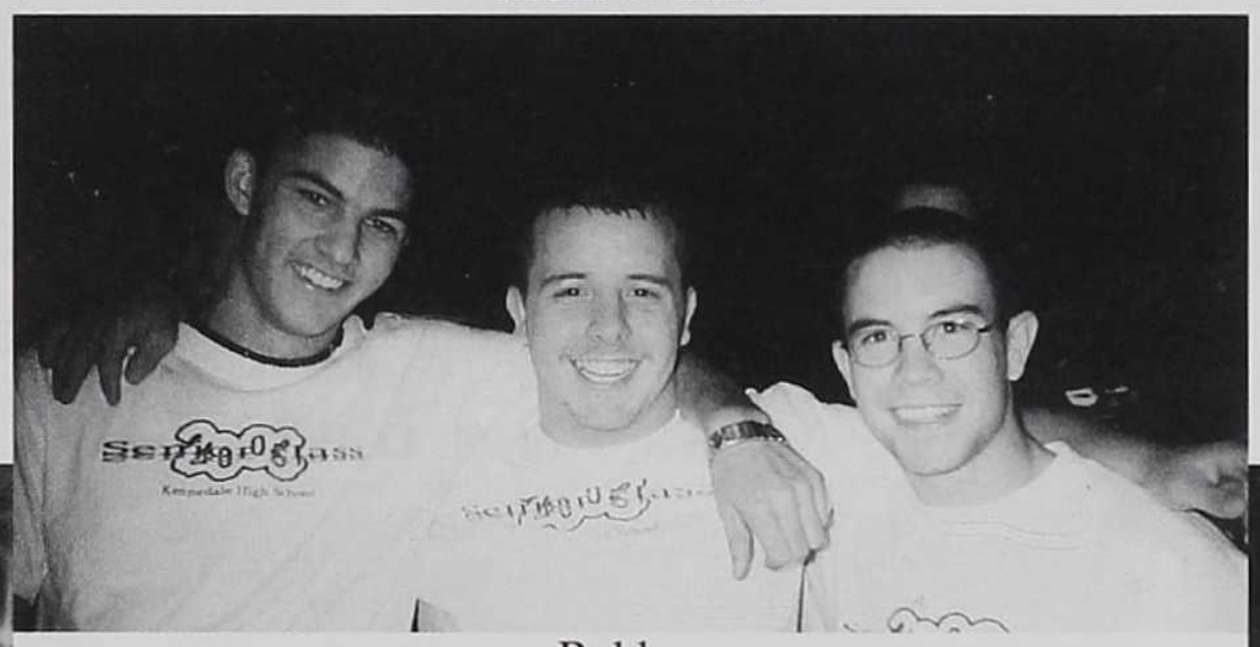


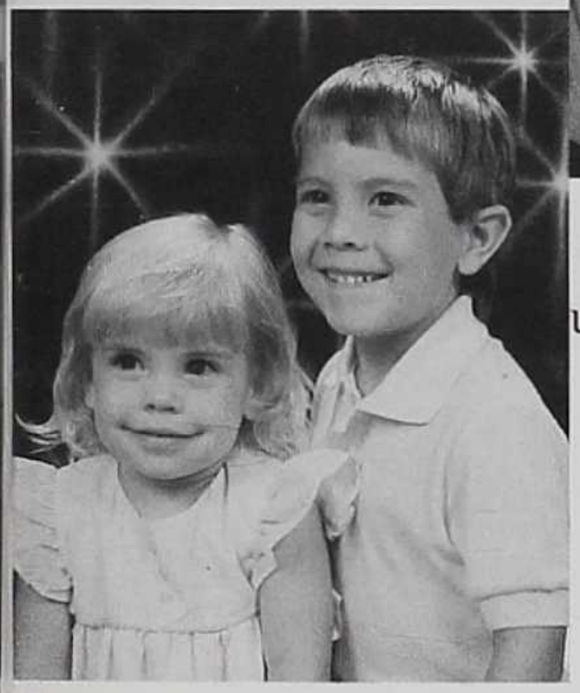
Bradley Ryan Blan

Brad,
The past eighteen years have really flown by. It seems like yesterday that we brought you home from the hospital in a Christmas stocking. You were such a good and happy baby, we were so proud. As you got older your talents never ceased to amaze us. We recall at a very young age when you took off your training wheels on your bike and learned to ride without them all by yourself. You were always taking things apart to put them back together and did a great job!! Now as we watch you grow into a young man, we know you'll find happiness & success in your ability, self-knowledge and values. You have formed a very positive attitude about yourself and about life. With that positive attitude you will be able to accomplish the goals you have set for yourself. Strive to achieve all that you love, find happiness in everything you do and don't ever settle for anything less. We love you and are so very proud of you!!!

Love always,
Mom & Dad







Bubba,
You have been my big brother and the one guy I've looked up to all my life. You've made good and bad choices which I have learned from. You have and will always be an influence on my life. Good luck on everything you do.
I love you so much.

Your Little Sister,
Kandace Blan

Petey: The day you were born, a dream came true. You'd make any parents proud. You know no limits and the world is truly yours. To the world you are only one person, but to us you are the world. Amateurs built the ark; professionals built the Titanic. Go into the world remembering that.

All our dreams can come true if we have the courage to pursue them.- Walt Disney

How do you define success? To laugh often and love much; to win the respect of intelligent persons and the affection of children; to earn the approbation of honest citizens and endure the betrayal of false friends; to appreciate beauty; to find the best in others; to give of one's life; to leave the world a bit better whether by a healthy child, a garden patch, or redeemed social condition; to have prayed and laughed with enthusiasm and sung with exultation; to know even one life has breathed easier because you have lived. This is to have succeeded. -Ralph Waldo Emerson

Kiesha and Melissa;

All right girls, we are here. We made it. I love both of you and we have been through so much: Jobs, Boys, Cars, everything. I'm going to miss acting a fool with you guys in high school. But we are onto bigger and better things. Bye, Bye K-Town, Look out World. Ready or Not Here We Come.

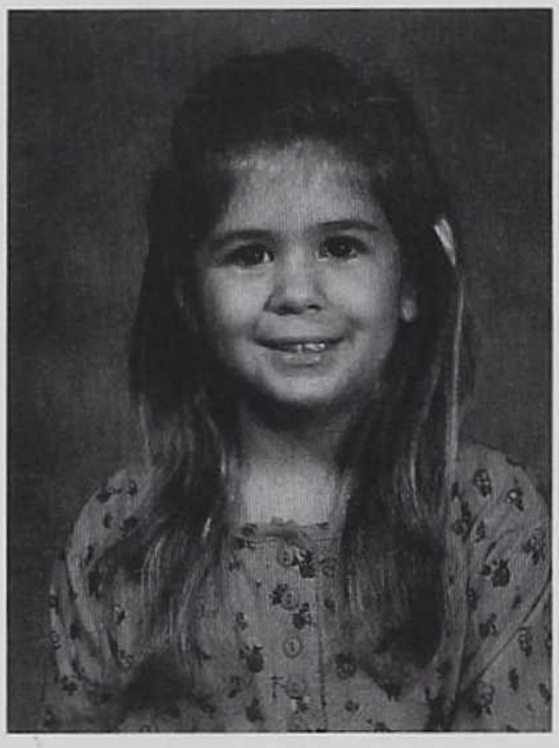
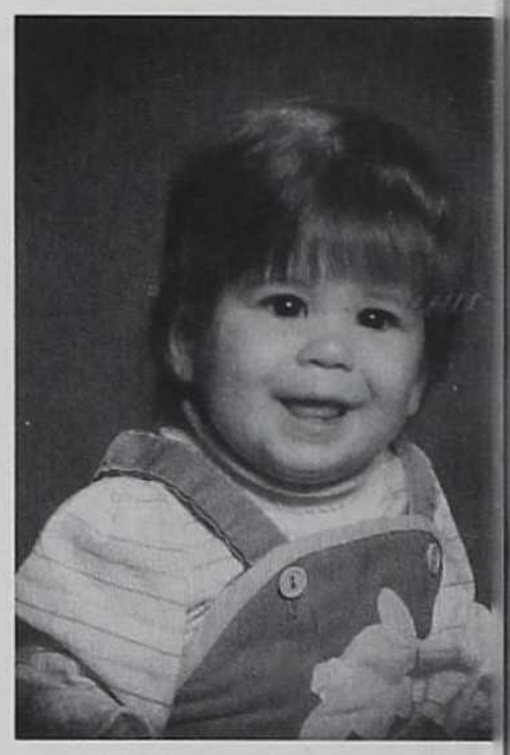
Dear Anna,
We have watched you grow, always taking the road least traveled. You have grown into a very strong willed young lady. May you take and use this to get far in life.
Love you
The world around,
Mom, Dad, Alex, Angela, Ashley, and Adam

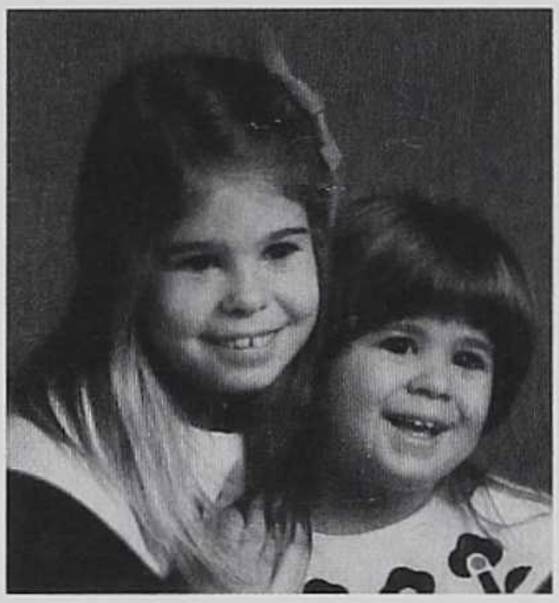


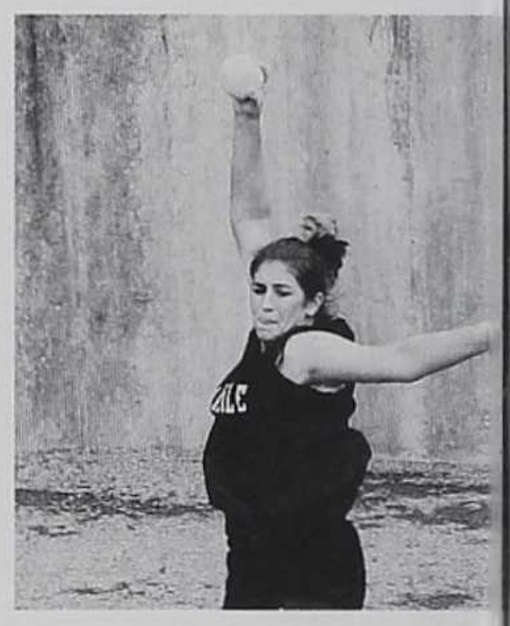
Sarah Bullard,

We were blessed the day you came into our lives and you continue to be a blessing each and everyday of your life. It has been a joy watching you grow from a sweet little girl to a beautiful young lady. You have excelled in all you do from academics, to sports, to sharing your beautiful voice, to being a cheerleader. Continue to follow your heart, keep your faith, and keep your spirit for life. We are so proud of you and wish the best that life has to offer. May God be with you every step of the way. Remember we are always here for you.

Love Always,
Mom and Dad

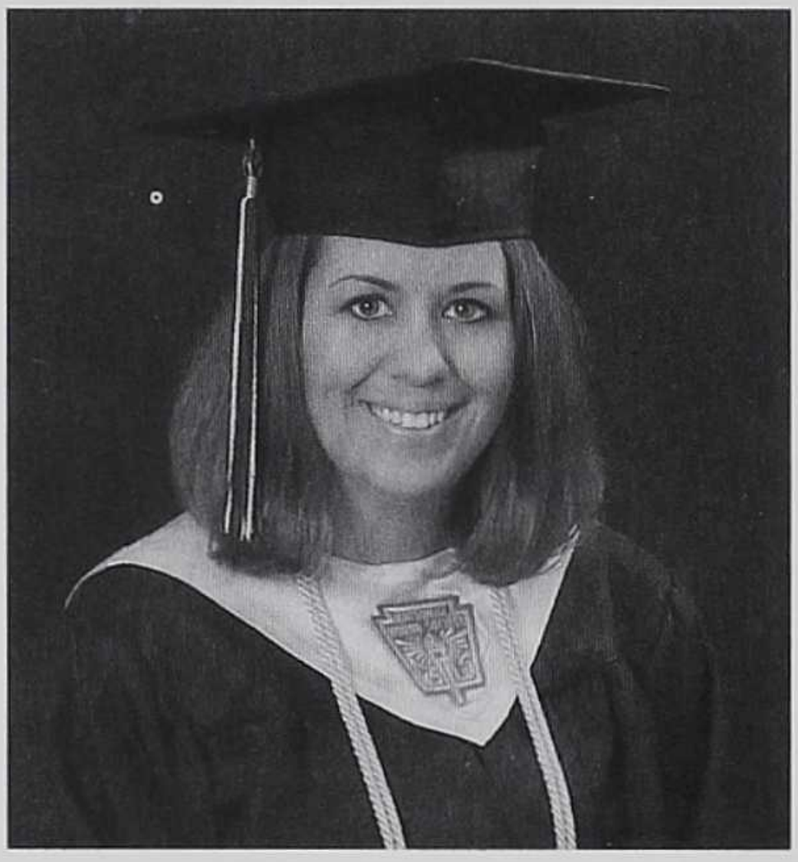






The saying "God made us sisters, love made us friends," couldn't be truer for us. I have watched you change from my annoying kid sister, always in my shadow, to my very best friend, forever by my side. I know we have had our fair share of arguments and battles, but I wouldn't have it any other way. Now, as you graduate, I can't believe you are all grown up. No matter what the world brings, you will always be a princess in my eyes. Good luck in school and in life, and remember that I am always here for you.

~Love always, Ashley~



Sarah,
We love you and are very proud of you.

Time has flown by so quickly. It seems like yesterday I was blessed with your birth, you took your first steps, and started school. You learned to read and write, played sports, cheered, and grew into a young woman.

Today you are graduating high school as a beautiful, talented, inspired woman in control of your young life. Your commitment to yourself has helped you to set your goals high and your aspirations for life.

Tomorrow you will be off to college starting a new beginning carrying the past experiences with you. I am very proud of you and will always support you in life. May your journey through life be filled with love, happiness, and peace in all that you do.

I love you and am very proud to be your mother. You are beautiful. Thank you for being part of my life.

Love,

We have been through a lot together. From the move to Texas, to the move to Kennedale. It was a great experience when you got into high school in '99-'00. You were there to help me through my senior year of 2001 and move to St. Louis, MO. Well, it is your time to shine in 2003!!! Have fun in college next year because it's a blast!!!

Baby girl,

You know we love you, that we think you're smart, funny, beautiful, independent, athletic and with a style of your own.

But did you know that we think of you whenever an Alanis an Alanis Morrisette song plays on the radio? Or when its Faith Hill of Tim McGraw or "Little Drummer Boy"?

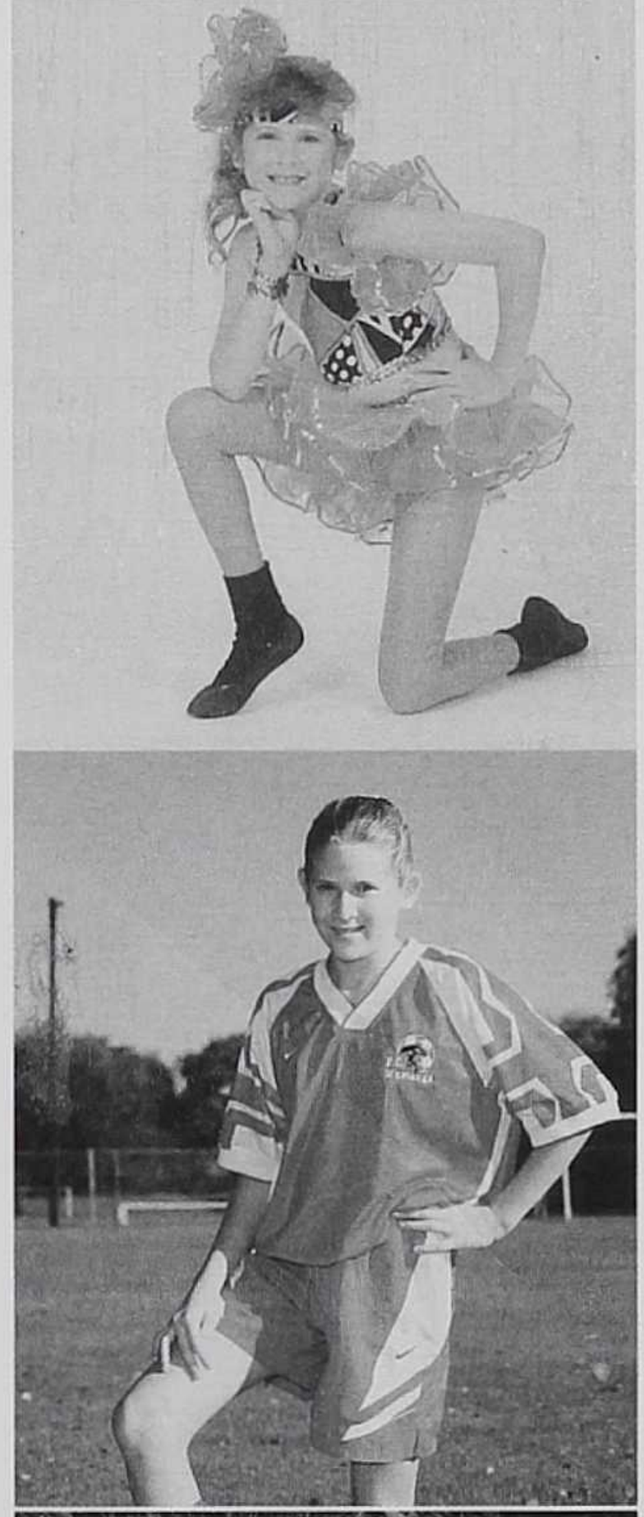
Did you know that every time we sit in bleachers or walk by a soccer field or oval track that we picture you out there?

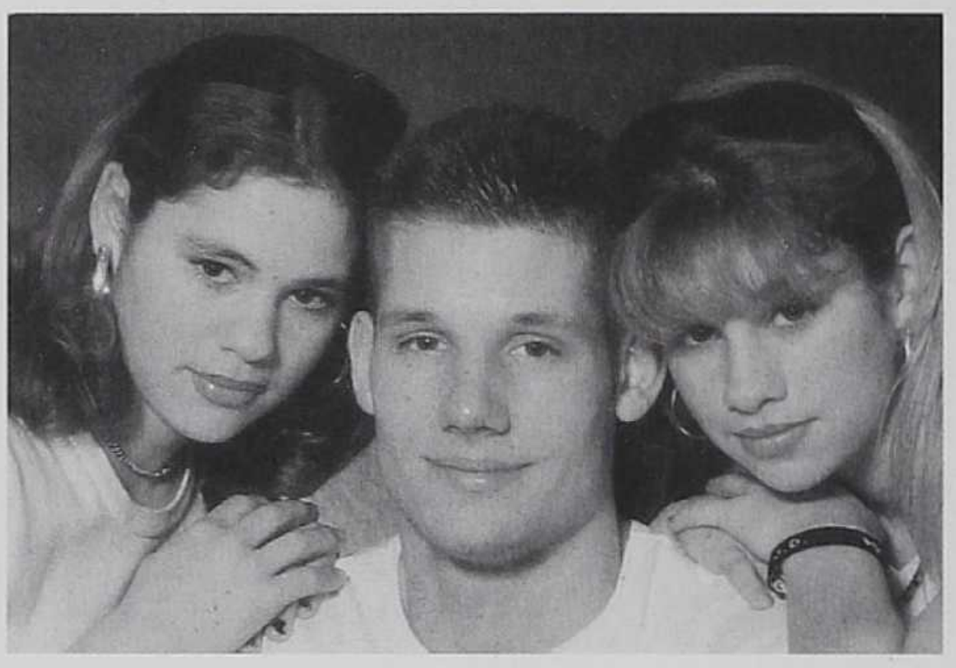
When ever we smell banana nut muffins or Captain Crunch in the morning, we know you're up. Mom's hair spray is missing and so is Dad's money, means you're out.

Whenever the phone rings or there's a knock at the door, we'll always think its for you...or when Julia Roberts is in a movie, we know you are watching it too.

You have been the light in our lives since the day you were born; be happy, be safe, live your dreams, know that we are proud of you, love you and are here for you...always.

Mom & Dad





D'Anna,

Good luck in college! I will miss you. I hope everything works out and it is an experience to remember. I look up to you so much. Just remember dad and I are extremely proud of you.

Jennifer,

It seems like just yesterday when you were born. Now look at you! You have grown into a special and beautiful young woman. Looking back, we remembered a mischievous little girl who loved to do everything. Then, the next time we turned around you were in high school. The future is yours to build. Reach for the stars!!

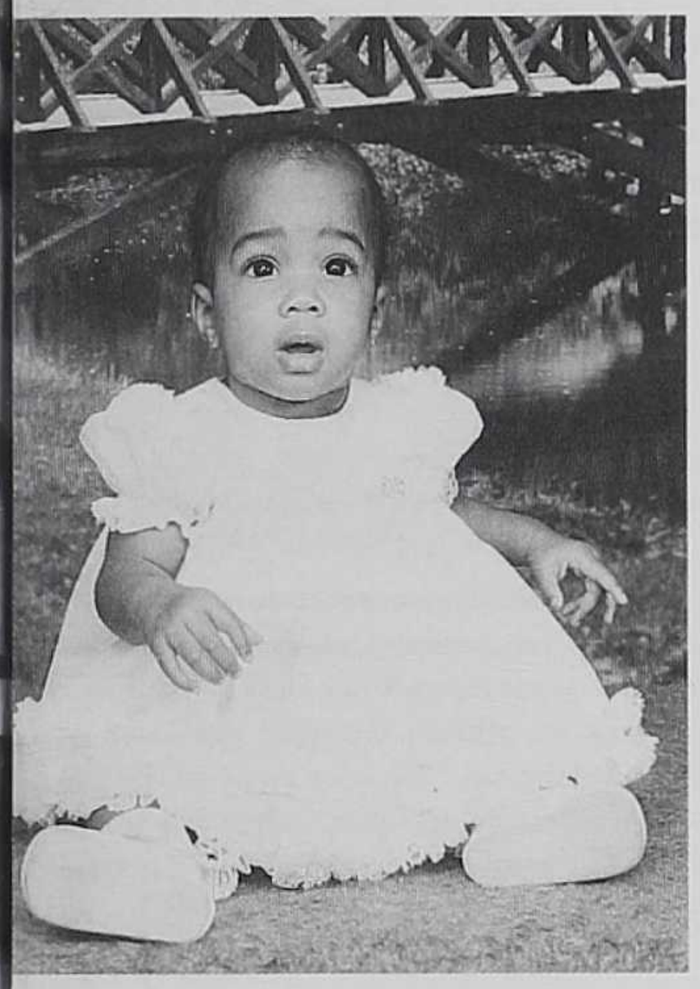
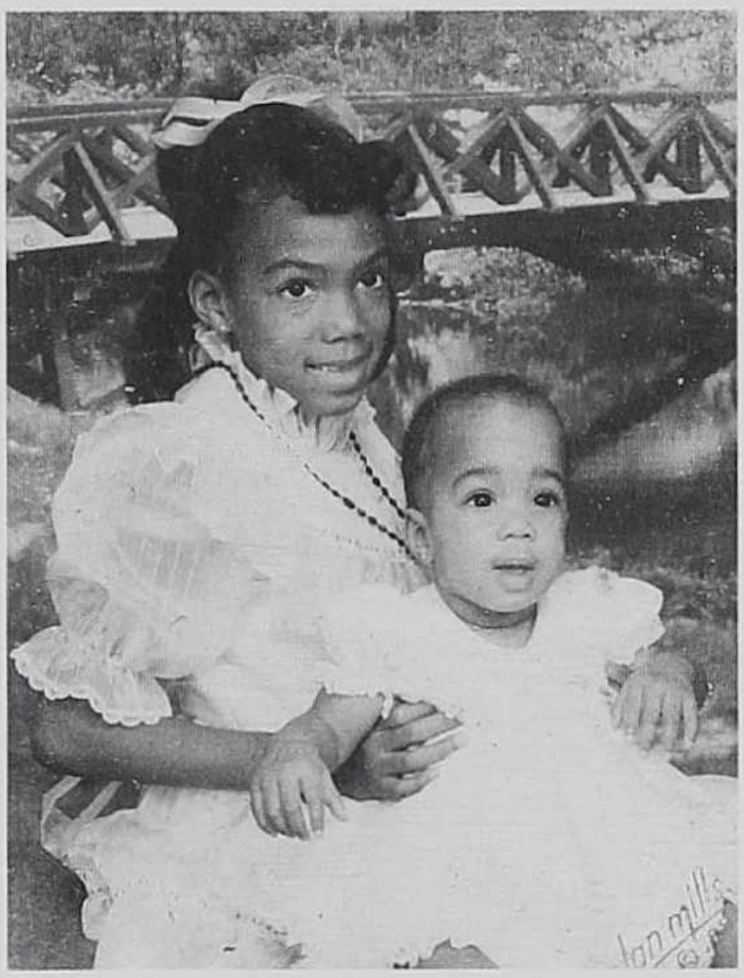
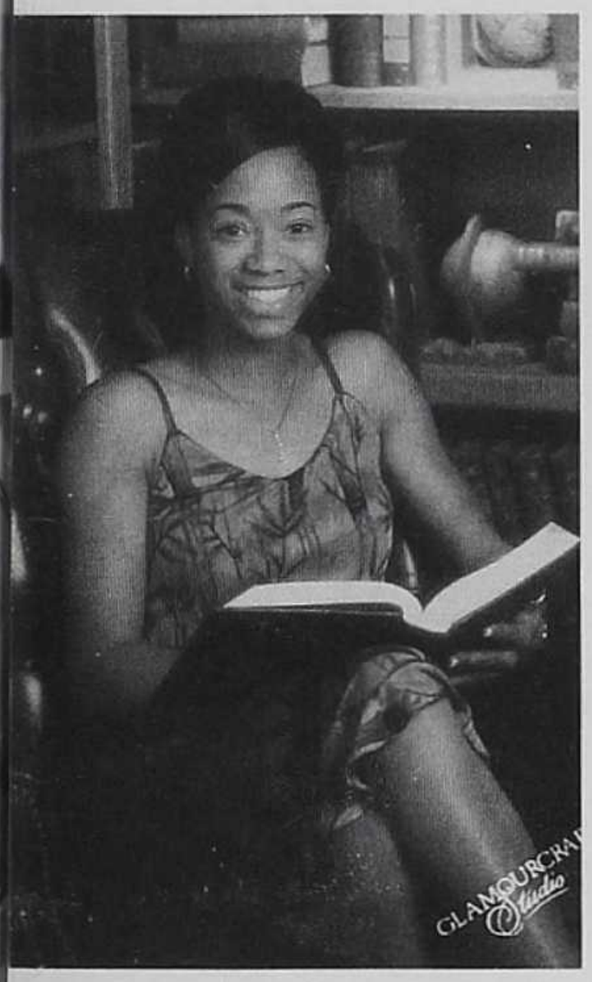
Tiffany Jones,

It seems like only yesterday we walked into Kindergarten class where we left you to learn about your ABC's. Instead, you learned leadership from your teacher as she left you in charge of her class.

The past twelve years have gone by so quickly and now you are a "**SENIOR**". You have grown into an incredible young lady and we are so proud of you. We are all wishing you the very best for your future and the incredible journey ahead. Our prayers are that you will have the courage and determination to make all your dreams come true.







We are very proud of you for your accomplishments and always remember Hebrew 12:1 and run the race that God has marked out for your life. Always put God first in your life and he will take care of the rest.

"I know the plans I have for you, declare the Lord. Plans to profit you and not harm you, plans to give you hope and a future." Jer. 29:11

Now, take it to the "**MAX**".

You truly are an Awesome Daughter, Granddaughter, Niece, and Sister. We love you dearly. We've been truly blessed. Congratulations on a job well done!!!

Dad, Mom, Tina, Nanny and other relatives

I am very proud of your accomplishments and I know without a doubt that your leadership will take you far in your future endeavors. Love, Mike

Christine, our words for you come from Proverbs 3:5-8
"Trust in the Lord with all your heart and do not lean to your own understanding. In all your ways acknowledge Him, and He will direct your path. Do not be wise in your own eyes, but fear the Lord and turn away from evil. It will be healing to your body and refreshment to your bones." Be sure to seek the Lord in everything you do. God says in Jeremiah 29:11: "I know the plans that I have for you, plans for welfare and not for calamity, to give you a future and a hope." God has made you a very special person, Christine. We are very proud of you and we love you very much. -PaPa and Granny

Ashley Brooke Wolff,

Since your first day of preschool you've been full of smiles. You've had happy times, great friends & you've had some trials.

You've been a great student, big sister, and help to me. You've grown into a beautiful young woman for everyone to see.

God blessed me with a brown-eyed girl to love. I could not have asked for a better daughter from above.

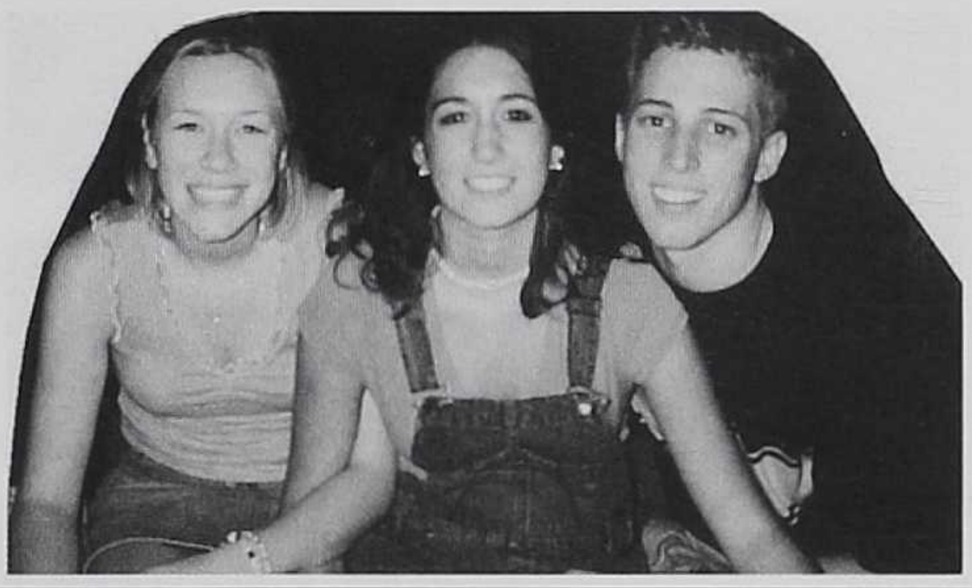
Trust in God to guide your way. Ask for his direction everyday.

You've got great places to go and future that is bright. Take hold of every opportunity with all you might.

Treasure all your memories, your pictures, and all that you've done.

And always remember "GIRLS JUST WANT TO HAVE FUN!!"

Love, Mom



Eight years from now it won't matter what clothes you wore, what your hair looked like, or even who your friends were. It only matters that eight years ago, you became my beautiful, funny, young Aunt Neen.

We've been through so much together and our friendship has been so strong.

I hope it lasts forever, and even that couldn't be too long.

Thank you for being the best friend ever, and I know when it's said I'm not wrong.

But we've been blessed to have each other, we've laughed, cried, and sang songs.

Sunset At Noon
By: Brittany Melican

I always thought that when it came,
I'd be ready for the end.
By that time I'd be retired and tame,
Death would appear a welcome friend.

But what if I want to live,
Still want to learn and grow?
What if I still have gifts to give,
And I'm not yet ready to go?

What if I'm too young still,
Not old enough to die?
What if I want to wait until
I've experienced life before I say good-bye?

You were way too young,
You were taken away too soon.
Your time had just begun.
The sun of your life had set at noon.
Wherever you have gone,
Nearby or far away,
Please realize that with you
A part of me has passed away.

Special thanks to. . .

The 2003 Yearbook Staff would like to thank our Taylor Representative, Tammy Hollier, for being very patient and flexible with us. Thank you to all of the area businesses who purchased ads. Thanks to the office staff for being so patient with us as we distributed yearbooks back in the fall. We would like to thank Glamourcraft Studios who have been so professional and an absolute pleasure to do business with.

Also, a big thank you to Mrs. Coffman and my fellow yearbook staff members. We had lots of laughs throughout the year and made lots of memories. To Bethany and Anna...good luck at college and have a blast. To everyone else...have fun at Kennedale!!!

- Justin Newton

Good Bye!
